INFORMATION CIRCULAR

As at and dated January 10, 2017

(unless otherwise noted)

GENERAL PROXY INFORMATION

Solicitation of Proxies

This information circular (this "Information Circular") is furnished in connection with the solicitation of proxies by the management and the directors of AVALON ADVANCED MATERIALS INC. (the "Company") for use at the annual and special meeting of the shareholders of the Company (the "Meeting") to be held at The Sheraton Centre Toronto Hotel - Waterfall Garden Room, 123 Queen Street West, Toronto, Ontario M5H 2M9, at 4:30 p.m. (Toronto time) on Wednesday, February 22, 2017, and at all adjournments thereof for the purposes set forth in the accompanying notice of the Meeting (the "Notice of Meeting"). The solicitation of proxies will be made primarily by mail, using notice and access for Non-Registered Shareholders (as defined below), and may be supplemented by telephone or other personal contact by the directors, officers and employees of the Company. Directors, officers and employees of the Company will not receive any extra compensation for such activities. The Company may also retain, and pay a fee to, one or more professional proxy solicitation firms to solicit proxies from the shareholders of the Company in favour of the matters set forth in the Notice of Meeting. The Company may pay brokers or other persons holding common shares of the Company in their own names, or in the names of nominees, for their reasonable expenses for sending proxies and this Information Circular to beneficial owners of common shares and obtaining proxies therefrom. The cost of the solicitation will be borne directly by the Company.

No person is authorized to give any information or to make any representation other than those contained in this Information Circular and, if given or made, such information or representation should not be relied upon as having been authorized by the Company. The delivery of this Information Circular shall not, under any circumstances, create an implication that there has not been any change in the information set forth herein since the date hereof.

Non-Registered Shareholders

Only registered shareholders of the Company, or the persons they appoint as their proxies, are entitled to attend and vote at the Meeting. However, in many cases, common shares beneficially owned by a person (a "Non-Registered Shareholder") are registered either:

- (a) in the name of an intermediary (an "Intermediary") with whom the Non-Registered Shareholder deals in respect of the common shares (Intermediaries include, among others: banks, trust companies, securities dealers or brokers, trustees or administrators of a self-administered registered retirement savings plan, registered retirement income fund, registered education savings plan and similar plans); or

- (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited, in Canada, and the Depository Trust Company, in the United States) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 (“NI 54-101”) of the Canadian Securities Administrators, the Company is generally required to distribute copies of the Notice of Meeting, this Information Circular and its form of proxy or voting instruction form, as applicable, (collectively the “Meeting Materials”) to the Intermediaries and clearing agencies for onward distribution to Non-Registered Shareholders. The Company has elected to deliver this Information Circular to Non-Registered Shareholders by distributing a notification of meeting, along with the form of proxy or voting instruction form, as applicable, (together, the “Mailed Materials”) to the Intermediaries and clearing agencies for onward distribution to Non-Registered Shareholders, and posting this Information Circular on the website maintained by TSX Trust Company (“TSX Trust”) at <http://noticeinsite.tsxtrust.com/AvalonAdvancedMaterialsASM2017>. See “Notice and Access”, below, for further information. Intermediaries are required to forward the Mailed Materials to Non-Registered Shareholders unless the Non-Registered Shareholders have waived the right to receive them. Intermediaries often use service companies to forward the Mailed Materials to Non-Registered Shareholders. Notwithstanding the foregoing, there are two kinds of Non-Registered Shareholders, namely: (i) those who object to their name being made known to the issuers of the securities they own (called “OBOs” for Objecting Beneficial Owners); and (ii) those who do not object to their name being made known to the issuers of the securities they own (called “NOBOs” for Non-Objecting Beneficial Owners). Subject to the provisions of NI 54-101, issuers can request and obtain a list of their NOBOs from Intermediaries via their transfer agents and use the NOBO list for distribution of proxy-related materials directly to NOBOs. The Company intends to take advantage of those provisions of NI 54-101 that permit it to deliver the Mailed Materials directly to its NOBOs, through TSX Trust, who have not waived the right to receive them. As a result, NOBOs in Canada can expect to receive the Mailed Materials from TSX Trust. The voting instruction forms are to be completed and returned to TSX Trust in accordance with the instructions provided by TSX Trust either in the envelope provided by TSX Trust or by facsimile. In this regard, TSX Trust is required to follow the voting instructions properly received from NOBOs. TSX Trust will tabulate the results of the voting instruction forms received from NOBOs with respect to the common shares represented by the voting instruction forms they receive.

The Meeting Materials are being sent to both registered shareholders and Non-Registered Shareholders. If you are a Non-Registered Shareholder, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding the common shares on your behalf.

By choosing to send these materials to you directly, the Company (and not the Intermediary holding the common shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

Generally, OBOs who have not waived the right to receive Mailed Materials will either:

- (a) be given a voting instruction form **which is not signed by the Intermediary** and which, when properly completed and signed by the OBO and **returned to the Intermediary or its service company**, will constitute voting instructions which the Intermediary must follow. Typically, the voting instruction form will consist of a one page pre-printed form. Sometimes, instead of the one

page pre-printed form, the voting instruction form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for the form of proxy to validly constitute a voting instruction form, the OBO must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company; or

- (b) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of common shares beneficially owned by the OBO but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the OBO when submitting the proxy. In this case, the OBO who wishes to submit a proxy should properly complete the form of proxy and deposit it with **TSX Trust Company, 200 University Avenue, Suite 300, Toronto, Ontario, Canada M5H 4H1.**

The Company intends to pay for an Intermediary to deliver the Mailed Materials to OBOs.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the common shares they beneficially own. Should a Non-Registered Shareholder who receives either a voting instruction form or a form of proxy wish to attend the Meeting and vote in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the names of the persons named in the form of proxy and insert the Non-Registered Shareholder's (or such other person's) name in the blank space provided or, in the case of a voting instruction form, follow the directions indicated on the form. **In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediaries and their service companies, TSX Trust or Broadridge, as applicable, including those regarding when and where the voting instruction form or the proxy is to be delivered.**

Notice and Access

Under the notice and access rules adopted by the Canadian Securities Administrators, public companies are permitted to advise their shareholders of the availability of this Information Circular on an easily-accessible website, rather than mailing paper copies.

The use of this alternative means of delivery is more environmentally friendly as it will help reduce paper use and the Company's carbon footprint, and it will also reduce the Company's printing and mailing costs. The Company has therefore decided to deliver this Information Circular to Non-Registered Shareholders by posting it on TSX Trust's website at <http://noticeinsite.tsxtrust.com/AvalonAdvancedMaterialsASM2017>. This Information Circular will also be available on SEDAR at www.sedar.com and on the Company's website at http://www.avalonadvancedmaterials.com/investors/regulatory_filings/.

Non-Registered Shareholders who wish to receive paper copies of this Information Circular may request paper copies on-line at <http://noticeinsite.tsxtrust.com/AvalonAdvancedMaterialsASM2017> or by calling toll-free at 1-844-559-4938.

Requests for paper copies must be received at least five business days in advance of the Proxy Deposit Deadline (as defined below) in order to receive this Information Circular in advance of the Proxy Deposit Deadline and the Meeting. This Information Circular will be sent to such shareholders within three

business days of their request, if such requests are made before the Proxy Deposit Deadline. Those shareholders with existing instructions on their account to receive a paper copy of the Meeting Materials will receive a paper copy of this Information Circular.

Due to certain requirements of the *Canada Business Corporations Act* (the “Act”), the Company is sending a paper copy of the complete proxy package, including the Notice of Meeting, this Information Circular, and the Annual Financial Statements and related management’s discussion and analysis to registered shareholders. The Annual Financial Statements and related management’s discussion and analysis are also available on SEDAR at www.sedar.com and on the Company’s web site at http://www.avalonadvancedmaterials.com/investors/regulatory_filings/.

Appointment and Revocation of Proxies

The persons named in the form of proxy accompanying this Information Circular are directors and/or officers of the Company. A shareholder of the Company has the right to appoint a person or company (who need not be a shareholder), other than the persons whose names appear in such form of proxy, to attend and act for and on behalf of such shareholder at the Meeting and at any adjournment thereof. Such right may be exercised by either striking out the names of the persons specified in the form of proxy and inserting the name of the person or company to be appointed in the blank space provided in the form of proxy, or by completing another proper form of proxy and, in either case, delivering the completed and executed proxy to TSX Trust Company, 200 University Avenue, Suite 300, Toronto, Ontario, Canada M5H 4H1 in time for use at the Meeting in the manner specified in the Notice of Meeting.

A registered shareholder of the Company who has given a proxy may revoke the proxy at any time prior to use by: (a) depositing an instrument in writing, including another completed form of proxy, executed by such registered shareholder or by his or her attorney authorized in writing or by electronic signature or, if the registered shareholder is a corporation, by an officer or attorney thereof properly authorized, either: (i) at the principal office of the Company, 130 Adelaide Street West, Suite 1901, Toronto, Ontario, Canada M5H 3P5, not less than 48 hours, Saturdays, Sundays and holidays excepted, prior to the time of the holding of the Meeting or any adjournment thereof (the “Proxy Deposit Deadline”), (ii) with TSX Trust Company, 200 University Avenue, Suite 300, Toronto, Ontario, Canada M5H 4H1, by the Proxy Deposit Deadline, or (iii) with the chair of the Meeting on the day of the Meeting or any adjournment thereof; (b) transmitting, by telephone or electronic means, a revocation that complies with paragraphs (i), (ii) or (iii) above and that is signed by electronic signature, provided that the means of electronic signature permits a reliable determination that the document was created or communicated by or on behalf of such shareholder or by or on behalf of his or her attorney, as the case may be; or (c) in any other manner permitted by law including attending the Meeting in person. Late proxies may be accepted or rejected by the Chair of the Meeting in his or her discretion, and the Chair is under no obligation to accept or reject any particular late proxy.

A Non-Registered Shareholder who has submitted a proxy may revoke it by contacting the Intermediary through which the Non-Registered Shareholder’s common shares are held and following the instructions of the Intermediary respecting the revocation of proxies.

Exercise of Discretion by Proxies

The common shares represented by an appropriate form of proxy will be voted or withheld from voting on any ballot that may be conducted at the Meeting, or at any adjournment thereof, in accordance with the instructions of the shareholder thereon, and if the shareholder specifies a choice on any matter to be

acted upon, the common shares of such shareholder will be voted accordingly. **In the absence of instructions, such common shares will be voted FOR each of the matters referred to in the Notice of Meeting as specified thereon.**

The enclosed form of proxy, when properly completed and signed, confers discretionary authority upon the persons named therein to vote on any amendments to or variations of the matters identified in the Notice of Meeting and on other matters, if any, which may properly be brought before the Meeting or any adjournment thereof. At the date hereof, management of the Company knows of no such amendments or variations or other matters to be brought before the Meeting. However, if any other matters which are not now known to management of the Company should properly be brought before the Meeting, or any adjournment thereof, the common shares represented by such proxy will be voted on such matters in accordance with the judgment of the person named as proxy therein.

Signing of Proxy

The form of proxy must be signed by the shareholder of the Company or the duly appointed attorney of the shareholder of the Company authorized in writing or, if the shareholder of the Company is a corporation, by a duly authorized officer of such corporation. A form of proxy signed by the person acting as attorney of the shareholder of the Company or in some other representative capacity, including an officer of a corporation which is a shareholder of the Company, should indicate the capacity in which such person is signing and should be accompanied by the appropriate instrument evidencing the qualification and authority to act of such person, unless such instrument has previously been filed with the Company. A shareholder of the Company or his or her attorney may sign the form of proxy or a power of attorney authorizing the creation of a proxy by electronic signature provided that the means of electronic signature permits a reliable determination that the document was created or communicated by or on behalf of such shareholder or by or on behalf of his or her attorney, as the case may be.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Description of Share Capital

The Company is authorized to issue an unlimited number of common shares without par value and 25,000,000 preferred shares without par value. There are 187,594,660 common shares and no preferred shares of the Company issued and outstanding as at January 10, 2017.

At an annual meeting of the Company, on a show of hands, every registered holder of common shares present in person and entitled to vote and every proxyholder duly appointed by a registered shareholder who would have been entitled to vote shall have one vote and, on a poll, every registered shareholder present in person or represented by proxy or other proper authority and entitled to vote shall have one vote for each share of which such shareholder is the registered holder. Common shares represented by proxy will only be voted if a ballot is called for. A ballot may be requested by a registered shareholder or proxyholder present at the Meeting or required because the number of votes attached to common shares represented by proxies that are to be voted against a matter is greater than 5% of the votes that could be cast at the Meeting.

Record Date

The directors of the Company have fixed January 10, 2017 as the record date for the determination of the shareholders of the Company entitled to receive notice of, and to vote at, the Meeting. Shareholders of the Company of record at the close of business on January 10, 2017 will be entitled to vote at the Meeting.

Ownership of Securities of the Company

To the knowledge of the directors and executive officers of the Company, no person or company beneficially owns, directly or indirectly, or exercises control or direction over, voting securities carrying more than 10% of the outstanding voting rights of the Company.

The officers of the Company and the individuals nominated by management for election as directors collectively own or control, directly or indirectly, in the aggregate, 6,543,834 common shares of the Company, representing approximately 3.49% of the outstanding common shares as at January 10, 2017.

PARTICULARS OF MATTERS TO BE ACTED UPON

1. Election of Directors

The board of directors of the Company (the “Board”) currently consists of six directors. Peter McCarter, who is currently a director of the Company, is not standing for re-election as a director. The table below and the notes thereto state the names of the five persons nominated by management for election as directors, all other positions and offices with the Company now held by them, their principal occupations or employment for the preceding five years, the period or periods of service as directors of the Company and the number of voting securities of the Company beneficially owned, directly or indirectly, or over which control or direction is exercised by each of them as of the date hereof.

Majority Voting Policy

The Board has adopted a policy providing that in an uncontested election of directors, any nominee who receives a greater number of votes “withheld” than votes “for” will tender his or her resignation to the Chair of the Board promptly following the shareholders’ meeting. The Compensation, Governance and Nominating Committee (the “CGN Committee”) of the Board will consider the offer of resignation and will make a recommendation to the Board on whether to accept it. In considering whether or not to accept the resignation, the CGN Committee will consider all factors deemed relevant by members of such Committee. The CGN Committee will be expected to accept the resignation except in situations where the considerations would warrant the applicable director continuing to serve on the Board. The Board will make its final decision and announce it in a press release within 90 days following the Meeting. A director who tenders his or her resignation pursuant to this policy will not participate in any meeting of the Board or the CGN Committee at which the resignation is considered.

Advance Notice By-Law

The Company has adopted a by-law (By-law No. 2) relating to the nomination of directors by shareholders of the Company in certain circumstances. By-Law No.2 provides a clear process for shareholders to follow for director nominations and sets out a reasonable time frame for nominee submissions and the provision of accompanying information. The purpose of By-law No.2 is to treat all shareholders fairly by

ensuring that all shareholders receive adequate notice of the nominations to be considered at a meeting and can thereby exercise their voting rights in an informed manner. In addition, By-law No.2 should assist in facilitating an orderly and efficient meeting process. As of the date hereof, the Company has not received notice of any director nominations in connection with this year's Meeting within the time periods prescribed by the advance notice provisions contained in By-Law No.2. Assuming no nominations are received by January 23, 2017, the only persons eligible to be nominated for election to the Board are the below nominees.

Proxies received appointing directors and/or officers of the Company will be voted FOR the election of the nominees named in the table below, unless a shareholder has specified in the proxy that the common shares are to be withheld from voting in respect thereof. Management has no reason to believe that any of the nominees will be unable to serve as a director but, if a nominee is for any reason unavailable to serve as a director, proxies appointing directors and/or officers of the Company will be voted in favour of the remaining nominees and may be voted for a substitute nominee, unless the shareholder has specified in the proxy that the common shares are to be withheld from voting in respect of the election of directors.

2. Appointment of Auditors

Deloitte LLP have been the auditors of the Company since December 16, 2013. Shareholders will be asked to consider and, if thought advisable, to pass an ordinary resolution to appoint Deloitte LLP to serve as auditors of the Company until the next annual meeting of shareholders and to authorize the directors of the Company to fix their remuneration.

The appointment of Deloitte LLP as auditors of the Company until the next annual meeting of the shareholders and the authorization of the directors to fix their remuneration must be authorized and approved by an ordinary resolution of the shareholders. An ordinary resolution is a resolution passed by by at least a majority (50%+1) of the votes cast by shareholders who voted by proxy or in person in respect of that resolution at the Meeting.

The Board unanimously recommends that shareholders vote FOR the ordinary resolution to appoint the auditors and authorize the directors to fix their remuneration. **Unless a shareholder directs that his or her common shares are to be withheld from voting in connection with the appointment of auditors, the persons named in the enclosed form of proxy intend to vote FOR the appointment of Deloitte LLP, to serve as auditors of the Company until the next annual meeting of the shareholders and to authorize the directors to fix their remuneration.**

3. Approval of Unallocated Options under the Stock Option Plan

Matters to be Approved

In accordance with the requirements of the Toronto Stock Exchange (the "TSX") every three years after institution, all unallocated options, rights and other entitlements under a security based compensation arrangement which does not have a fixed maximum number of securities issuable thereunder (commonly referred to as "rolling plans"), must be approved by the majority of an issuer's securityholders. Upon the exercise, expiration, cancellation or other termination of any options under the Stock Option Plan, the number of common shares equivalent to the number of options that are exercised, terminated, cancelled or expired automatically become reserved for issuance under the Stock Option Plan, and are available for future grants. When options are granted under the Stock Option Plan, common shares that are reserved for issuance are referred to as allocated. Additional common shares that may be issued under the Stock Option Plan but which have not yet been granted are referred to as unallocated.

As the Company's stock option plan (the "Stock Option Plan") does not have a fixed maximum number of securities issuable pursuant thereto and was approved by shareholders on January 31, 2008 and all unallocated options issuable pursuant to the Stock Option Plan were approved by shareholders on January 27, 2011 and February 25, 2014, the shareholders are required to approve all unallocated options issuable pursuant to the Stock Option Plan by no later than February 25, 2017. Shareholders are being asked at the Meeting to pass a resolution approving all unallocated options, rights or other entitlements under the Stock Option Plan. The Board has reapproved the Stock Option Plan and approved the unallocated options under the Stock Option Plan.

As at January 10, 2017, the Company had 187,594,660 common shares issued and outstanding. Accordingly, a maximum of 18,759,466 common shares were available for issuance (representing 10% of the issued and outstanding common shares) pursuant to options granted under the Stock Option Plan as at such date. As at January 10, 2017, there were 11,030,000 options granted and outstanding under the Stock Option Plan (representing 5.9% of the issued and outstanding common shares, leaving 7,729,466 common shares (representing 4.1% of the issued and outstanding common shares) available for grant of further options. As of January 10, 2017, a total of 400,000 stock options had been exercised under the Stock Option Plan (representing 0.2% of the issued and outstanding common shares as at January 10, 2017) since the last approval of the Stock Option Plan by the shareholders.

If the resolution approving all unallocated options, rights and entitlements under the Stock Option Plan is not approved by the shareholders at the Meeting, then currently outstanding options will continue in full force and be unaffected, provided that certain amendments may be made in accordance with the Stock Option Plan. However, no new grants of options will be made pursuant to the Stock Option Plan and currently outstanding options that are subsequently cancelled, terminated or expire will not be available to be re-granted by the Company until shareholder approval is obtained.

The Board unanimously recommends that shareholders vote FOR the following ordinary resolution (the "Stock Option Plan Resolution"), with or without variation, relating to the approval as described above. **Unless a shareholder directs that his or her common shares are to be voted against the Stock Option Plan Resolution, the persons named in the enclosed form of proxy intend to vote FOR the following Stock Option Plan Resolution:**

"BE IT RESOLVED THAT:

1. All unallocated options, rights or other entitlements under the Company's Stock Option Plan are approved up to a maximum of 10% of the outstanding common shares of the Company.
2. The Company is authorized to continue to grant options, rights or other entitlements under the Stock Option Plan until February 22, 2020, being three years from the date hereof.
3. The Stock Option Plan as presented in Appendix B to this Information Circular is hereby approved.
4. Any one director or officer of the Company is hereby authorized and directed for and on behalf of the Company to execute or cause to be executed and to deliver or cause to be delivered all such documents, and to do or cause to be done all such acts and things, as such director or officer may deem necessary or desirable in connection with the foregoing resolution."

4. Presentation of Financial Statements

At the Meeting, the Chair of the Meeting will present to shareholders the financial statements of the Company for the year ended August 31, 2016 and the auditors' report thereon, which have been approved by the Board. No vote of the shareholders of the Company is required with respect to this item of business.

OTHER MATTERS WHICH MAY COME BEFORE THE MEETING

The management knows of no matters to come before the Meeting other than as set forth in the Notice of Meeting. However, if other matters are not known to the management should properly come before the Meeting, the accompanying proxy will be voted on such matters in accordance with the best judgment of the persons voting the proxy.

STATEMENT OF EXECUTIVE COMPENSATION

A. Named Executive Officers

For the purposes of this Information Circular, a named executive officer ("Named Executive Officer") of the Company means each of the following individuals:

- (a) a chief executive officer ("CEO") of the Company;
- (b) a chief financial officer ("CFO") of the Company;
- (c) each of the Company's three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was individually, more than \$150,000, as determined in accordance with subsection 1.3(6) of Form 51-102F6, for that financial year; and
- (d) each individual who would be a Named Executive Officer under paragraph (c) above but for the fact that the individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of the financial year.

For the fiscal year ended August 31, 2016, the Company had five Named Executive Officers, namely, its CEO and President, Donald Bubar, its CFO and Vice President, Finance, R. James Andersen, its Senior Vice President, Metallurgy and Technology Development, David Marsh, its Vice President, Sales and Marketing, Pierre Neatby and its Vice President, Exploration, William Mercer.

B. Compensation Discussion and Analysis

Compensation, Governance and Nominating Committee

The Compensation, Governance and Nominating Committee (the "CGN Committee") of the Board is responsible for making recommendations to the Board with respect to the compensation of the executive officers of the Company as well as, among other things, with respect to the Company's stock option plan

(the “Stock Option Plan”) and any other employee benefits and/or plans and with respect to directors’ compensation. The Board (exclusive of the CEO, who is also a member of the Board) reviews such recommendations and gives final approval to the compensation of the executive officers. See also Schedule A - Corporate Governance Disclosure hereto.

The CGN Committee currently consists of Peter McCarter (Chair), Alan Ferry and Kenneth G. Thomas, each of whom are independent, pursuant to National Instrument 52-110 - *Audit Committees*. Each of Messrs. McCarter, Ferry and Thomas has direct and extensive experience in corporate management and compensation issues in either the mining industry and/or the financial industry. Mr. McCarter was previously the Executive Vice-President, Corporate Affairs for Aur Resources Inc. (“Aur”), a publicly listed international mining company, in which role he had responsibility for managing Aur’s human resources matters. Mr. Ferry is a member of the committee responsible for compensation matters of Guyana Goldfields Inc. and GPM Metals Inc., which are publicly listed mineral exploration or mining companies. Dr. Thomas served as Senior Vice President, Projects, Kinross Gold Corporation from December 2009 to June 2012, Global Managing Director and Director, Hatch from November 2005 to November 2009 and Chief Operating Officer, Crystallex International Corporation from April 2003 to October 2005. In addition he served in senior roles at Barrick Gold Corporation from 1987 to 2001, including Senior Vice President, Technical Services, during which times he was responsible for determining the compensation of those employees whom he directly and indirectly supervised, which numbered in excess of several dozen. This experience relating to executive compensation matters collectively provides members of the CGN Committee with a suitable perspective to make decisions on the appropriateness of the Company’s compensation policies and practices.

The CGN Committee has not to date felt it necessary to engage any compensation consultant or advisor to assist it in the performance of its duties.

Compensation Objectives and Structure

The overall compensation objective adopted by the CGN Committee is to ensure that executive compensation is fair and reasonable, rewards management performance and is, by being competitive, sufficient to attract and retain experienced and talented executives. Due to the nature of the mineral industry, executive talent has significant mobility and, as a result, competition for experienced executives in the past has been great. The Company’s compensation policies are designed to recognize the foregoing. The foregoing objective also recognizes the fundamental value added by a motivated and committed management team in accomplishing the Company’s principal corporate objectives.

Historically, the compensation provided by the Company to its executive officers, including the CEO, has had three components: base salary, bonuses and long term incentive compensation in the form of stock options (see “Stock Option Plan”). Bonus compensation is a cash component of management compensation in order to permit the recognition of outstanding individual efforts, performance, achievements and/or accomplishments by members of the Company’s management team. Any specific bonus amounts are awarded on the recommendation of the CGN Committee and ultimately at the discretion of the Board, with bonus amounts for members of the Company’s management team other than the CEO being based primarily on the recommendations of the CEO. The appropriateness and amount of any bonuses to the CEO and/or management team members has to date been considered annually by the CGN Committee and Board on a discretionary basis as no formal bonus plan based on quantitative and/or qualitative benchmarks has been established for the Company as yet.

Base salary is the principal component of each executive officer's overall compensation and reflects the fixed component of pay that compensates the relevant executive officer for fulfilling his or her day to day roles and responsibilities. The CGN Committee has typically in the past reviewed the base salary levels and considered the individual performance of the CEO and of each other executive officer and historically has compared executive compensation for other companies operating in the mineral industry.

Recently, however, the overall financial condition of the Company and the overall depressed nature of the junior resource sector in Canada and elsewhere has significantly factored into the setting of the cash remuneration levels of the Company's senior management and, in particular, has resulted in there being no or minimal increases in the cash remuneration of senior management for the calendar years 2014 - 2016, and a reduction in such cash remuneration during the period 2014 - 2017 as outlined under "Base Salary and Bonus" below. Given the nature of the Company as an exploration and development stage resource company without existing mineral production and without any attendant revenues derived thereon, compensation has in the past been generally based on comparative, qualitative or subjective measures, rather than quantitative benchmarks. No specific benchmarks, weights or percentages are assigned to any of the measures or objectives upon which the executive compensation is generally based.

Annual salary adjustments, if any, have historically been made on a calendar year basis, typically being determined towards the end of each calendar year and made effective January 1 of the following year.

Compensation Risk Management

The CGN Committee evaluates the risks, if any, associated with the Company's compensation policies and practices. Implicit in the mandate of the Board is that the Company's policies and practices respecting compensation, including those applicable to the Named Executive Officers, be designed in a manner which is in the best interests of the Company and its shareholders.

In particular, the Company's executive compensation policies incorporate a balanced compensation program design (see "Compensation Objectives and Structure") and include elements of fixed and variable compensation and short and longer term incentives.

The base salary component of the compensation provided by the Company to its executive officers is set annually. The bonus component of the compensation provided by the Company to its executive officers in the past has been discretionary, is currently based on qualitative or subjective measures rather than quantitative benchmarks, and is subject to the prior approval of the CGN Committee. Discretionary assessment of the performance of executive officers by the Committee ensures that bonus awards align with both perceived and actual performance and the risks associated with such performance and any bonus award. No bonuses have been awarded to any members of senior management since 2014.

The stock option component of the compensation provided by the Company to its executive officers is both "longer term" and "at risk" and, accordingly, is directly linked to the achievement of longer term value creation. Since the benefits of such compensation, if any, are generally not realized by the executive officers until a significant period of time has passed and that there are typically deferred vesting provisions attached to each option grant (see "Stock Option Plan" below), the incentive for executive officers to take inappropriate or excessive risks with regard to their compensation that are financially beneficial to them at the expense of the Company and its shareholders is limited.

The CGN Committee believes that it is unlikely that an executive officer would take inappropriate or excessive risks at the expense of the Company and its shareholders that would be beneficial to them with regard to their short term compensation when their longer term compensation might be put at risk from their actions. Due to the size of the Company, the CGN Committee is able to monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular meetings of the Board during which financial and other information relating to the Company are reviewed, and which includes senior executive compensation. The CGN Committee has not identified any risks arising from the Company's compensation policies and practices that it believes would be reasonably likely to have a material adverse effect on the Company.

Although the Company has not as yet adopted any specific policies in this regard, in the event that a director or an executive officer purchases financial instruments that are designed to hedge or offset a decrease in the market value of the Company's equity securities granted as compensation or held, directly or indirectly by the director or the executive officer, such purchases must be disclosed in insider reporting filings. To date, no such purchases have been disclosed by any director or executive officer of the Company.

Base Salary and Bonus

The CGN Committee, in respect of the setting of salaries for the Named Executive Officers for 2016, recommended to the Board and the Board determined that, there would be no salary increases for the Named Executive Officers in 2016 or 2017. This determination recognized the then current financial situation of the Company and the overall depressed nature of the junior resource sector in Canada.

Each of the Named Executive Officers agreed, for the seven month period commencing June 2015 through to December 2015, to be granted, in lieu of receiving 20% of their respective salaries (25% in the case of Mr. Bubar) during such period, additional stock options or vacation days, being in the case of Mr. Bubar, 38 vacation days, in the case of Messrs. Andersen and Mercer, 30 vacation days, in the case of Mr. Marsh, 13 vacation days and options to purchase 70,000 common shares and in the case of Mr. Neatby, options to purchase 100,000 common shares. All of the foregoing options were granted effective August 7, 2015, have an exercise price of \$0.21 per share, have a five year term and vested immediately.

In addition, each of the Named Executive Officers agreed, for the eight month period commencing January 2016 through to August 2016, to be granted, in lieu of receiving 20% of their respective salaries (25% in the case of Mr. Bubar) during such period, additional stock options, being in the case of Mr. Bubar, options to purchase 150,000 common shares of Avalon, in the case of Messrs. Andersen and Marsh, options to purchase 125,000 common shares and in the case of Messrs. Mercer and Neatby, options to purchase 100,000 common shares. All of the foregoing options were granted effective January 12, 2016, have an exercise price of \$0.12 per share, have a five year term and vested immediately.

Effective September 1, 2016, each of the Named Executive Officers agreed to receive 20% of their base salary (25% in the case of Mr. Bubar) in non-cash compensation on an indefinite basis in exchange for additional stock options, being in the case of Mr. Bubar, options to purchase 300,000 common shares of Avalon, in the case of Messrs. Andersen and Marsh, options to purchase 250,000 common shares and in the case of Messrs. Mercer and Neatby, options to purchase 200,000 common shares. All of the foregoing options were granted effective November 8, 2016, have an exercise price of \$0.17 per share, have a two year term and vested immediately.

No discretionary bonuses were awarded to any Named Executive Officers of the Company for 2016.

Options

The CGN Committee is of the view that the granting of options is an appropriate method of providing long-term incentives to senior management of the Company and, in general, aligns the interests of senior management with those of the shareholders by enabling senior management to participate in and be rewarded by an increase in the market price of the Company's common shares. Participation in the Stock Option Plan also provides a significant incentive to the participants to enter into and subsequently to continue their employment with the Company, particularly when the Company may not have the financial resources and/or pension and other benefit plans to attract and retain experienced personnel. In addition, the CGN Committee is of the view that the Company's compensation mix must be consistent with industry norms which supports the provision by the Company of a longer term compensation incentive. This longer term compensation incentive is best realized by providing compensation linked to share price performance such as options. The number and terms of options previously granted to the named executives have been and are expected to continue to be taken into account, as well as the number and terms of options granted by peer group companies in determining whether and in what quantity new option grants should be made in any year. Also, as discussed under "Base Salary and Bonus" above, additional options have been granted to members of senior management in lieu of receipt by them of certain specified cash salary amounts.

The Company's current objective under the Stock Option Plan is to allot to the CEO options to purchase 1,000,000 common shares, to the CFO and Senior Vice President options to purchase 600,000 common shares and to officers at the Vice President level options to purchase 400,000 common shares (the "target allotments"). The foregoing allotments do not include the additional options granted to the Named Executive Officers, as described under "Base Salary and Bonus" above.

The Company typically grants one fifth of an employee's option allotment on an annual basis. The methodology applied by the Company permits exceptions to be made, for example, to recognize exceptional employee contributions and to permit flexibility in negotiating employment contracts.

Circumstances Triggering Termination and Change of Control Benefits

As noted below under the heading "Employment Contracts", there are certain circumstances that trigger payments and other benefits to the CEO upon termination and change of control. The CGN Committee views such provisions as not only being fair and necessary to protect the CEO, but also to encourage the CEO to pursue those transactions such as mergers or take-overs that are beneficial to the Company and its shareholders, but that may result in the termination of the CEO's employment with the Company.

Summary of the Stock Option Plan

The Stock Option Plan, last approved by shareholders on February 25, 2014, is a fixed percentage plan that provides that the maximum number of options which may be outstanding at any time under the Stock Option Plan and any other compensation arrangement of the Company is 10% of the Company's issued and outstanding common shares. Eligible Participants under the Stock Option Plan include insiders or employees of the Company or any of its subsidiaries, and any other person or company engaged to provide ongoing management, consulting or advisory services to the Company.

As at January 10, 2017, the Company had 187,594,660 common shares issued and outstanding. Accordingly, a maximum of 18,759,466 common shares were available for issuance (representing 10% of the issued and outstanding common shares) pursuant to options granted under the Stock Option Plan as at such date. As at January 10, 2017, there were 11,030,000 options granted and outstanding under the Stock Option Plan (representing 5.9% of the issued and outstanding common shares), leaving 7,729,466 common shares (representing 4.1% of the issued and outstanding common shares) available for grant of further options.

The following is a summary of the Stock Option Plan, which is qualified in its entirety by the full text of the Stock Option Plan attached as Appendix B hereto. Capitalized terms not defined in this Information Circular and used in this summary are defined in the Stock Option Plan.

Purpose

The Stock Option Plan has been established as a means of compensating Eligible Persons (as defined below) for their contributions to the performance of the Company. The Stock Option Plan is intended to:

- (a) provide an incentive to Eligible Persons to further the development, growth and profitability of the Company; and
- (b) assist the Company in retaining and attracting Eligible Persons with experience and ability.

Eligibility

Generally, a right to purchase common shares of the Company pursuant to the terms of the Stock Option Plan may be granted to an “Eligible Person”, which includes, any insider or employee of the Company or any of its subsidiaries, and any other person or company engaged to provide ongoing management, consulting or advisory services to the Company.

Administration

The Stock Option Plan is administered under the direction of the Board. The Board has full and complete authority to interpret the Stock Option Plan and to prescribe such rules and regulations and make such other determinations, as it deems necessary or desirable to meet the objectives of and to administer the Stock Option Plan. The Board shall, in its discretion, subject to the terms and conditions of the Stock Option Plan, designate, from among the Eligible Persons, those to whom and when options shall be granted, the number of common shares to be subject to each option, the exercise price for each option, the period during which the same may be exercised, the vesting period, if any, for such option(s) and the other terms and conditions attached thereto.

Common Shares Issuable Under the Stock Option Plan

The maximum aggregate number of Shares which may be issuable pursuant to the exercise of Options granted under the Plan, when combined with any other share compensation arrangement of the Company, shall not exceed ten percent (10%) of the Outstanding Issue. The maximum number of common shares that: (i) are issued to insiders of the Company within any one year period; and (ii) issuable to insiders of the Company at any time, under the Stock Option Plan or when combined with all of the Company’s other security based compensation arrangements, cannot exceed 10% of the Company’s issued and outstanding common shares. All common shares subject to options that have

been exercised or that have expired or have been otherwise terminated or cancelled without having been exercised, shall be available for issuance pursuant to the exercise of any subsequent options granted under the Stock Option Plan.

Grant of Options

Any Eligible Person to whom options are granted under the Stock Option Plan (a "Participant") at the time of the grant of an option, may hold more than one option. The grant of each option shall be evidenced by an agreement between the Company and the Participant setting forth the number of common shares covered by such option, the exercise price, the option period and any other terms and conditions attaching thereto.

Exercise Price

The exercise price for the common shares of an option must not be less than the market price at the time an option is granted. The market price is the closing price of the common shares on the TSX on the trading day prior to the date of the grant of the Option, provided that if there is no closing price on such trading day, market price shall mean the most recent closing price for the common shares on the TSX prior to the date of grant.

Term of Options

Each option shall be exercisable during a period established by the Board, but in no circumstances shall the term of the option exceed 10 years.

Exercise of Option

An option may be exercised at any time, or from time to time, during its terms as to any number of whole common shares, which are then available for purchase, provided that no partial exercise may be for less than 100 common shares. A Participant electing to exercise an option shall give written notice of the election to the Company, together with the aggregate amount to be paid for the common shares to be acquired pursuant to the exercise of an option, by cheque or bank draft payable or such other form or manner of payment acceptable to the Company.

Restrictions as to Date of Exercise

Unless otherwise decided by the Board, no option may become exercisable until three months for persons providing management, consulting or advisory services to the Company and 12 months for all other Eligible Persons from the date such Option was granted.

Blackout Periods

No option shall terminate and cease to be exercisable prior to the fifth business day following a trading blackout then in effect and, if a trading blackout is not then in effect prior to the fifth business day following cessation of the most recent trading blackout.

Retirement, Disability or Death of Participant

Unless otherwise decided by the Committee, the following rules shall apply:

- (a) in the event of the retirement, disability or death of a Participant, the options held by such Participant shall remain exercisable by such Participant or by such Participant's legal representative(s) until the earlier of: (i) 12 months after the effective date of retirement, disability or death; and (ii) the expiry of the exercise period of such Options and, to the extent not exercised within the aforesaid period, shall terminate; and
- (b) in the event that the Participant ceases to be an Eligible Person for any reason other than retirement, disability or death, any options held by such Participant will expire on the day of termination, unless otherwise specifically provided in any severance or termination arrangements entered into by the Participant and the Company.

Adjustments

If the number of outstanding common shares shall be increased or decreased as a result of a stock split, consolidation or reclassification or if other changes with respect to the common shares shall occur, other than as a result of the issuance of common shares for fair value, or if additional common shares are issued pursuant to a stock dividend, or in the event of a merger, amalgamation or reorganization, then the number of and/or price payable for common shares subject to any unexercised options shall be adjusted in accordance with applicable law and in such manner as the Board shall deem proper to preserve the rights of the Participants under the Stock Option Plan substantially proportionate to those existing prior to such change or event.

Assignment of Options

No option or any interest therein shall be transferable or assignable by the Participant otherwise than by will or pursuant to the laws of succession and no option may be exercised by anyone other than by the Participant or the Participant's legal representative(s).

Stock Appreciation Rights

The Company may grant stock appreciation rights to Participants. The benchmark number of common shares specified in the relevant stock appreciation rights agreement (a "rights agreement") shall be deemed to be the number of common shares reserved for issuance thereunder for purposes of that section. A stock appreciation right shall entitle the Participant to receive from the Company the number of common shares, disregarding fractions, having an aggregate value equal to the excess of the "value of a common share" over the "amount per common share" specified in the relevant rights agreement times the number of common shares with respect to which the appreciation right is being exercised. For purposes of the preceding sentence, the "amount per common share" shall not be less than the market price at the date of the grant of the relevant underlying option or appreciation right while "the value of a common share" shall be determined for these purposes based on the weighted average trading price of the common shares on the TSX for the five (5) trading days preceding the date the notice of the exercise of the appreciation right is received by the Company.

Any option granted under the Stock Option Plan may include a stock appreciation right, either at the time of grant or by amendment adding it to an existing Option; subject, however, to the grant of such stock appreciation right being in compliance with the regulation and policies of the applicable regulatory authorities. To the extent a stock appreciation right included in or attached to an option granted is exercised, the option to which it is included or attached shall be deemed to have been exercised to a

similar extent. The provisions of the Stock Option Plan respecting the exercise of options and the adjustments to Options arising from certain corporate actions shall apply mutatis mutandis to all stock appreciation rights granted.

Takeover Bids

If a person (an "Offeror") makes a formal bid (as defined in the Securities Act (Ontario)) for common shares (an "Offer") then:

- (a) all unvested options will become vested and exercisable, despite any vesting schedule applicable to any unexercised options; and
- (b) the Company will give each Participant currently holding an option written notice of the number of options eligible for exercise by the optionee.

Following the Company's notice, a Participant may exercise his or her option in whole or in part so as to permit each Participant to tender the common shares received on exercise (the "Optioned Shares") pursuant to the Offer. If:

- (a) the Offer is not completed within the time specified in the Offer; or
- (b) the Participant does not tender the Optioned Shares pursuant to the Offer; or
- (c) the Offeror does not take up and pay for all of the Optioned Shares tendered by the Participant pursuant to the Offer,

then certain provisions as set out in the Stock Option Plan, apply to the Participant and the Optioned Shares.

Substitution Events

In the event of a change of control pursuant to which the common shares are converted into, or exchanged for, other property, whether in the form of securities of another company or otherwise (a "Substitution Event"), then any surviving or acquiring entity must substitute or replace similar options for those options that remain outstanding and unexercised under the Stock Option Plan on the same terms and conditions as the Stock Option Plan and the applicable option agreement (the "Substituted Options"), except that the terms shall include the right to acquire on exercise the same form of consideration paid to the holders of common shares in the transaction effecting the Substitution Event. The amount of such consideration that a Substituted Option will entitle the Participant to acquire following the Substitution Event shall be that amount that a Participant would have obtained had such Participant exercised the Option immediately prior to the Substitution Event with the result common shares received on such exercise would have been subject to the Substitution Event. The exercise price for a Substituted Option following the Substitution Event shall be the amount as the Board may determine as would provide the Participant with an equal economic result (assuming the Participant exercised the Substituted Option immediately after the Substitution Event but not at any later time) as the Participant would have obtained had such Participant exercised the Option immediately prior to the Substitution Event.

Amendments to the Stock Option Plan

The amendment procedures state the type of modifications to the Stock Option Plan or to the terms and conditions of an outstanding Option that must specifically be approved by the holders of the common shares, namely:

- amendments to reduce the exercise price of an option held by a Participant either directly or indirectly by means of the cancellation of an option and the reissue of a similar option and, for so long as the common shares are listed on the TSX, “disinterested Shareholder approval” (as that term is used in the policies of the TSX) shall be required for any amendment of an option which reduces the exercise price of an option held by a Participant, if at the time of the proposed amendment the Participant is an insider of the Company;
- amendments that extend the period available to exercise an option beyond the expiry of the original exercise period of such option;
- amendments that increase the number of common shares reserved for issuance under the Stock Option Plan;
- amendments to amend the provisions dealing with restrictions on transfer of options in the Stock Option Plan;
- amendments that materially modify the requirements as to eligibility for participation in the Stock Option Plan;
- amendments that add any form of financial assistance and, if applicable, any amendment to any existing financial assistance provision which is more favourable to Participants; and
- amendments that otherwise require approval by the shareholders (or disinterested shareholders as the case may be) in accordance with the requirements of the TSX or any applicable regulatory authority.

Except as listed above, the Board may from time to time in its absolute discretion amend, modify or change the terms and provisions of the Stock Option Plan (including the form of the option agreement) and/or any option provided that any such amendment, modification and/or change shall be subject to any required approvals of any applicable regulatory authority. Without limiting the generality of the foregoing, the Board may make certain amendments, modifications and/or changes to the Stock Option Plan as outlined in the Stock Option Plan, without seeking shareholder approval, including any amendment to the vesting provisions of the Stock Option Plan or any option, any amendment to the termination provisions of any option, whether or not such option is held by an insider, provided such amendment does not entail an extension of the expiry date beyond the original expiry date and the addition or modification of a cashless exercise feature, payable in cash or common shares, which provides for a deduction of the number of common shares reserved for issuance pursuant to the Stock Option Plan equal to the number of common shares that would otherwise have been issuable upon the exercise of the relevant option.

Except as listed above, the Board or the CEO of the Company together with the CFO of the Company, with the consent of the affected optionee, but subject to the terms and conditions of the Stock Option Plan

and any approvals required by any applicable regulatory authority, may from time to time amend the terms and conditions of any option which has been granted.

C. Performance Graph

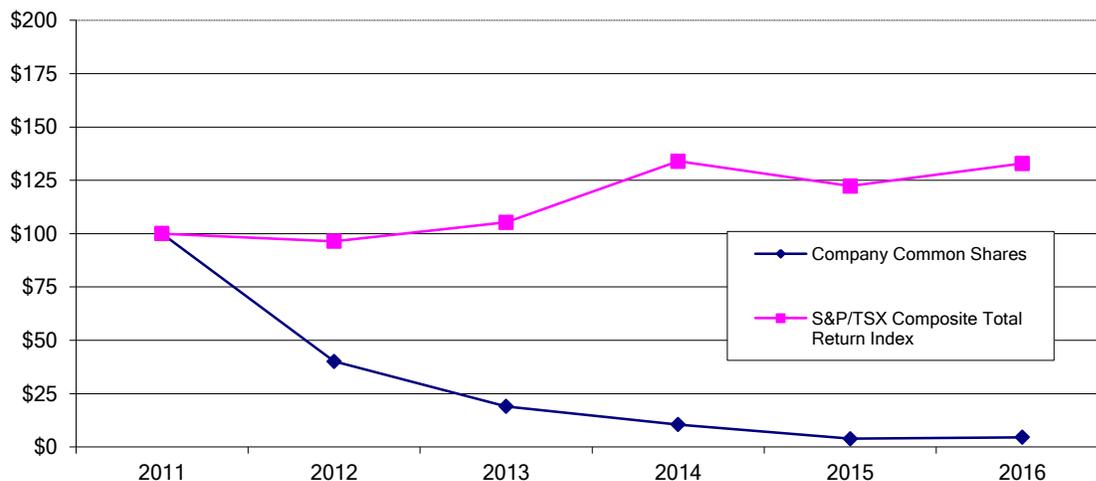

The following graph and table compares the yearly percentage change in the cumulative total shareholder return of the common shares for the period from August 31, 2011 to August 31, 2016 with the cumulative total return of the S&P/TSX Composite Total Return Index for the same period. The graph and table assume \$100 invested in common shares on August 31, 2011 and in the S&P/TSX Composite Total Return Index, which assumes dividend reinvestment.

Cumulative Total Return on \$100 Investment

There is no direct correlation between the market performance of the Company's common shares and executive compensation except that any increase in the market price of the common shares will increase the value of any options held by the relevant executives. The CGN Committee and the Board generally evaluate performance by reference to the achievement of corporate objectives rather than by short term changes in the Company's common share price, which typically has in the past been significantly influenced by overall economic, market and industry conditions. Indirectly, however, the Board determined that there would be no salary increases for the Named Executive Officers in 2016, in recognition of the then current financial situation of the Company and the overall depressed nature of the junior resource sector in Canada. See discussion under "Base Salary and Bonus" above for further details.

Notes:

- (1) These amounts represent the “grant date fair value” of options granted to the respective Named Executive Officer, which have been determined by using the Black-Scholes model, a mathematical valuation model that ascribes a value to an option based on a number of factors in valuing the option-based awards, including the exercise price of the option, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security and the risk-free rate of return. Calculating the value of options using this methodology is very different from a simple “in-the-money” value calculation. In fact, options that are well out-of-the-money can still have a significant “grant date fair value” based in a Black-Scholes valuation, especially where, as in the case of the Company, the price of the common shares underlying the option is highly volatile. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation. The same caution applies to the total compensation amounts shown in the last column above, which are based in part the grant date fair value amounts set out in the column for Option-based awards. These values are consistent with the accounting values used in the Company’s financial statements. The Company selected the Black-Scholes model given its prevalence of use within North America.
- (2) The Company does not have a pension plan.
- (3) Medical expenses paid by the Company on behalf of the respective Named Executive Officer.
- (4) Mr. Bubar does not receive any additional compensation for serving as a director of the Company.

E. Employment Contracts

Bubar Employment Agreement

The Company employs Donald Bubar as the Company's President and CEO pursuant to an employment agreement effective as of January 1, 2011 (the "Bubar Agreement"). The Bubar Agreement is for an indefinite term and can be terminated by either party. If the Bubar Agreement is terminated by Mr. Bubar, Mr. Bubar must provide notice of at least 30 days and Mr. Bubar is entitled to be paid the then current salary under the Bubar Agreement prorated until the end of the notice period, and thereafter all obligations of the Company to Mr. Bubar will terminate. If the Bubar Agreement is terminated by the Company without cause, the Company will pay to Mr. Bubar a lump sum payment equal to three times his annual base salary amount in effect at the time. In the event of a change of control of the Company (as defined in the Bubar Agreement), and, if within one year of the change of control, Mr. Bubar's employment with the Company is terminated by the Company or Mr. Bubar elects to terminate the Bubar Agreement, the Company will be obligated to pay to Mr. Bubar a lump sum in cash equal to three times his annual base salary amount in effect at the time.

Andersen Employment Agreement

The Company employs R. James Andersen as the Company's Vice-President, Finance and CFO pursuant to an employment agreement effective January 1, 2011 (the "Andersen Agreement"). The Andersen Agreement is for an indefinite term and can be terminated by either party. If the Andersen Agreement is terminated by Mr. Andersen, Mr. Andersen must provide notice of at least 30 days and Mr. Andersen is entitled to be paid the then current salary under the Andersen Agreement prorated until the end of the notice period, and thereafter all obligations of the Company to Mr. Andersen will terminate. If the Andersen Agreement is terminated by the Company without cause, the Company will pay to Mr. Andersen a lump sum payment equal to three months of salary plus two months of salary for every full or partial year of employment, recognizing that Mr. Andersen's employment began on June 11, 2001, to a maximum of three times his annual base salary amount in effect at the time. In the event of a change of control of the Company (as defined by the Andersen Agreement) and if within one year of the change of control, Mr. Andersen's employment with the Company is terminated or in the event Mr. Bubar's employment with the Company is terminated, Mr. Andersen can elect to terminate the Andersen Agreement and the Company will be obligated to pay to Mr. Andersen a lump sum in cash equal to three times his annual base salary amount in effect at the time.

Marsh Employment Agreement

The Company employs David Marsh as the Company's Senior Vice-President, Metallurgy and Technology Development pursuant to an employment agreement effective August 1, 2012 (the "Marsh Agreement"). The Marsh Agreement is for an indefinite term and can be terminated by either party. <p>Notes:</p> <p>(1) This director compensation table does not include information for Donald Bubar who is both a director and a Named Executive Officer. The compensation paid to Mr. Bubar for the financial year ended August 31, 2016 has been reflected in the Named Executive Officer summary compensation table. The Company did not pay any additional compensation to Mr. Bubar for serving as a director of the Company.</p> <p>(2) The Company does not currently have any share-based award plans.</p> <p>(3) These amounts represent the “grant date fair value” of options granted to the respective director, which have been determined by using the Black-Scholes model, a mathematical valuation model that ascribes a value to an option based on a number of factors in valuing the option-based awards, including the exercise price of the option, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security and the risk-free rate of return. Calculating the value of options using this methodology is very different from a simple “in-the-money” value calculation. In fact, options that are well out-of-the-money can still have a significant “grant date fair value” based in a Black-Scholes valuation, especially where, as in the case of the Company, the price of the common shares underlying the option is highly volatile. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation. The same caution applies to the total compensation amounts shown in the last column above, which are based in part the grant date fair value amounts set out in the column for Option-based awards. These values are consistent with the accounting values used in the Company’s financial statements. The Company selected the Black-Scholes model given its prevalence of use within North America.</p> <p>(4) The Company does not have a non-equity incentive plan.</p> <p>(5) The Company does not have any pension plans.</p> <p>(6) The Company does not have any other benefit plans for its directors.</p> <p>(7) Mr. Fontaine served as a director until February 24, 2016. Ms. Pagel became a director on February 24, 2016.</p>							

Compensation of Directors

Directors of the Company (excluding Donald Bubar, who is an officer of the Company) are paid a base yearly fee of \$10,000 plus a fee of \$400 per Board or Committee meeting attended in person or by conference telephone. An additional fee of \$3,000 is paid to each of the Chair of the Board and the Chair of any other permanent committee of the Board.

In addition, pursuant to the Stock Option Plan, the Company typically grants options to purchase common shares to directors of the Company. During the year ended August 31, 2016, 225,000 options were granted to a new director.

Directors are also reimbursed for their out-of-pocket expenses incurred in attending directors’ and committee meetings.

The directors are indemnified by the Company against all costs, charges and expenses reasonably incurred by such director in respect of any action or proceeding to which such director is made a party by reason of being a director of the Company, subject to the limitations in respect thereof contained in the Act.

The Company maintains insurance coverage with respect of directors’ and officers’ liability which is limited to \$20,000,000 per claim and \$20,000,000 per policy period, subject to deductibles of \$150,000 to \$250,000 as defined in the policy. The current policy is for a one-year term and expires on July 20, 2017. The premium paid by the Company in respect of said insurance in fiscal 2016 was \$81,600.

The grant of each option shall be evidenced by an agreement between the Company and the Participant setting forth the number of Shares covered by such Option, the exercise price, the Option period and any other terms and conditions attaching thereto.
- 5.2 The exercise price for the Shares subject to an Option shall be not less than the Market price.
- 5.3 Subject to the provisions of Section 5.5, each Option shall be exercisable during a period established by the Committee, but in no circumstances shall the term of an Option exceed 10 years.
- 5.4 An Option may be exercised at any time, or from time to time, during its term as to any number of whole Shares, which are then available for purchase, provided that no partial exercise may be for less than 100 whole Shares. A Participant electing to exercise an Option shall give written notice of the election to the Company, together with the aggregate amount to be paid for the Shares to be acquired pursuant to the exercise of an Option, by cheque or bank draft payable in Toronto or such other form or manner of payment acceptable to the Company.
- 5.5 Unless otherwise decided by the Committee, the following rules shall apply:

 - (b) in the event that the Participant ceases to be an Eligible Person for any reason other than retirement, disability or death, any Options held by such Participant will expire on day of termination, unless otherwise specifically provided in any severance or termination arrangements entered into by the Participant and the Company.
- 5.6 No Option or any interest therein shall be transferable or assignable by the Participant otherwise than by will or pursuant to the laws of succession and no Option may be exercised by anyone other than by the Participant or his or her legal representative(s).
- 5.7 Notwithstanding the provisions of Section 5.3 and Section 5.5, no Option shall terminate and cease to be exercisable prior to the fifth (5th) business day following the cessation of any restricted trading period imposed by the Company by which the directors, officers and/or employees of the Company are prohibited from trading in securities of the Company (a "Trading Blackout") then in effect and, if a Trading Blackout is not then in effect, prior to the fifth (5th) business day following cessation of the most recent Trading Blackout.

Section 6 - Stock Appreciation Rights

- 6.1 The Company may grant stock appreciation rights hereunder to Participants, with the specific terms, and conditions thereof to be as provided herein and as provided in the regulations and policies of the Regulatory Authorities. The benchmark number of shares specified in the relevant stock appreciation rights agreement (a "rights agreement") shall be deemed to be the number of shares reserved for issuance thereunder for purposes of that section.

A stock appreciation right granted hereunder shall entitle the Participant to receive from the Company that number of Shares, disregarding fractions, having an aggregate value equal to excess of the value of a Share over the amount per Share specified in the relevant rights agreement times the number of Shares with respect to which the appreciation right is being exercised. For purposes of the preceding sentence, the "amount per Share" shall not be less than the Market Price at the date of the grant of the relevant underlying option or appreciation right while "the value of a Share" shall be determined for these purposes based on the weighted average trading price of the Share on the Exchange for the five (5) trading days preceding the date the notice of the exercise of the appreciation right is received by the Company.

Any Option granted under the Plan may include a stock appreciation right, either at the time of grant or by amendment adding it to an existing Option; subject, however, to the grant of such stock appreciation right being in compliance with the regulation and policies of the Regulatory Authorities. To the extent a stock appreciation right included in or attached to an Option granted hereunder is exercised, the Option to which it is included or attached shall be deemed to have been exercised to a similar extent. The provisions of the Plan respecting the exercise of Options and the adjustments to Options arising from certain corporate actions shall apply *mutatis mutandis* to all stock appreciation rights granted hereunder.

Section 7 - Effect of Takeover Bid

- 7.1 If a person (an "Offeror") makes a formal bid (as defined in the Securities Act (Ontario)) for Shares (an "Offer") then:
- (a) all invested Options will become vested and exercisable, despite any vesting schedule applicable to any unexercised Options; and

- (b) the Company will give each Participant currently holding an Option written notice of the number of Options eligible for exercise by the Optionee.

Following the Company's notice, a Participant may exercise his or her Option in whole or in part so as to permit each Participant to tender the Shares received on exercise (the "Optioned Shares") pursuant to the Offer. If:

- (a) the Offer is not completed within the time specified in the Offer; or
- (b) the Participant does not tender the Optioned Shares pursuant to the Offer; or
- (c) the Offeror does not take up and pay for all of the Optioned Shares tendered by the Participant pursuant to the Offer,

then the Participant will return to the Company the Optioned Shares or, in the case of clause (c) above, the Optioned Shares that are not taken up and paid for, and the Company will reinstate the Optioned Shares as authorized but unissued Shares and the terms of the Option including any vesting schedule, as set forth in the Plan and the Option agreement will again apply to the Option. If a Participant returns any Optioned Shares to the Company under this Section 7, the Company will refund the exercise price to the Participant for those Optioned Shares. The Participant will not be entitled to sell the Optioned Shares except pursuant to the Offer.

Section 8 - Participant Not a Shareholder

- 8.1 No Participant shall have any rights as a Shareholder with respect to any Shares covered by any Option until such time as and to the extent only that such Option has been exercised.

Section 9 - Effects of Alteration of Capital Stock

- 9.1 If the number of outstanding Shares shall be increased or decreased as a result of a stock split, consolidation or reclassification or if other changes with respect to the Shares shall occur, other than as a result of the issuance of Shares for fair value, or if additional Shares are issued pursuant to a stock dividend, or in the event of a merger, amalgamation or reorganization, then the number of and/or price payable for Shares subject to any unexercised Options shall be adjusted in accordance with applicable law and in such manner as the Committee shall deem proper to preserve the rights of the Participants under the Plan substantially proportionate to those existing prior to such change or event.

Section 10 - Amendment and Discontinuance

- 10.1 (a) The Board may (i) discontinue the Plan at any time except that such discontinuance may not alter or impair any Option previously granted to a Participant under the Plan; and (ii) subject to any necessary approval of the Exchange (and any other applicable Regulatory Authority) and, subject to subsection (b) hereof, from time to time amend the Plan in its absolute discretion without the approval of the Shareholders. For example, the Board's discretion will include, without limitation, authority to make amendments to: (i) alter, extend or accelerate the vesting provisions of Options; (ii) clarify ambiguity, inconsistency or omission in the Plan and other amendments of a clerical or housekeeping nature; (iii) alter the termination provisions of an Option or of the Plan, provided that such change does not entail an extension beyond the expiry date of such Option (iv) modify the mechanics of exercise; and (v) add a cashless exercise feature.

- (b) The Shareholders shall be required to approve any amendment to the Plan or any Option which:
- i. reduces the exercise price of an Option held by a Participant either directly or indirectly by means of the cancellation of an Option and the reissue of a similar Option and, for so long as the Shares are listed on the Exchange, “disinterested Shareholder approval” (as that term is used in the policies of the Exchange) shall be required for any amendment of an Option which reduces the exercise price of an Option held by a Participant, if at the time of the proposed amendment the Participant is an Insider of the Company;
 - ii. extends the period available to exercise an Option beyond the expiry of the original exercise period of such Option, other than as provided in Section 5.7;
 - iii. increases the number of Shares reserved for issuance under the Plan (other than pursuant to the provisions of Section 9.1);
 - iv. amends Section 5.6;
 - v. materially modifies the requirements as to eligibility for participation in the Plan;
 - vi. adds any form of financial assistance and, if applicable, any amendment to any existing financial assistance provision which is more favourable to Participants; and
 - vii. otherwise requires approval by Shareholders (or disinterested Shareholders as the case may be) in accordance with the requirements of the Exchange or any applicable Regulatory Authority.
- (c) Subject to the matters set out in Section 10.1 (b), the Committee may from time to time in its absolute discretion amend, modify or change the terms and provisions of the Plan (including the form of the Option agreement) and/or any Option provided that any such amendment, modification and/or change shall be subject to any required approvals of any applicable Regulatory Authority. Without limiting the generality of the foregoing, the Board may make the following types of amendments, modifications and/or changes to the Plan without seeking Shareholder approval:
- (i) amendment of a “housekeeping” or ministerial nature, including any amendment for the purpose of curing any ambiguity, error or omission in the Plan or to correct or supplement any provisions of the Plan;
 - (ii) amendments necessary to comply with the provision of applicable law (including, without limitation, the rules, regulations and policies of any applicable Regulatory Authority);
 - (iii) amendments necessary in order for Options to qualify for favourable treatment under applicable taxation laws;
 - (iv) amendments respecting administration of the Plan;
 - (v) any amendment to the vesting provisions of the Plan or any Option;
 - (vi) any amendment to the termination provisions of any Option, whether or not such Option is held by an Insider, provided such amendment does not entail an extension of the expiry date beyond the original expiry date;

- (vii) the addition or amendment of any form of financial assistance provided by the Company for the acquisition by Participants of common shares under the Plan provided the terms thereof are not more favourable to participants than the existing terms and provisions of the Plan;
 - (viii) the addition or modification of a cashless exercise feature, payable in cash or Shares, which provides for a deduction of the number of Shares reserved for issuance pursuant to the Plan equal to the number of Shares that would otherwise have been issuable upon the exercise of the relevant Option;
 - (ix) change the definition of “Eligible Persons” under the Plan; and
 - (x) any other amendment, whether fundamental or otherwise, not requiring Shareholder approval under applicable law or by any applicable Regulatory Authority.
- (d) Subject to subsection (b) hereof, the Board or the Chief Executive Officer of the Company together with the Chief Financial Officer of the Company, with the consent of an affected Optionee, but subject to the terms and conditions of the Plan and any approvals required by any applicable Regulatory Authority, may from time to time amend the terms and conditions of any Option which has been theretofore granted.

Section 11 - Laws

- 11.1 The Plan and all matters to which reference is made herein shall be governed by and interpreted in accordance with the laws of the Province of British Columbia or Ontario as may be applicable and those of Canada insofar as they may apply.
- 11.2 No Option may be exercised nor will the Company have any obligation to issue Shares pursuant thereto if such exercise or issue would be contrary to or violate any applicable law or any applicable rule or regulation of any applicable Regulatory Authority.

Section 12 - Compliance with Statutes and Regulations

- 12.1 The granting of Options and the issue of Shares under this Plan shall be carried out in compliance with applicable statutes and with the rules and regulations of any applicable Regulatory Authority. If the Committee determines that, in order to comply with any such statutes or regulations, certain action is necessary or desirable as a condition of or in connection with the granting of an Option or the issue or purchase of Shares under an Option, that Option may not be exercised in whole or in part unless that action shall have been completed in a manner satisfactory to the Committee.

Section 13 - Participation Voluntary

- 13.1 The participation of an Eligible Person in the Plan is entirely voluntary and not obligatory and shall not be interpreted as conferring upon such Eligible Person any rights or privileges other than those rights and privileges expressly provided in the Plan. In particular, participation in the Plan does not constitute a condition of employment nor a commitment on the part of the Company to ensure the continued employment of such Eligible Person.
- 13.2 The Plan does not provide any guarantee against any loss of profit, which may result from fluctuations in the market price of the Shares.

- 13.3 The Company does not assume responsibility for the income or other tax consequences for the Eligible Persons participating in the Plan and Eligible Persons are advised to consult with their own tax advisors.

Section 14 - Withholding Taxes, etc.

- 14.1 For certainty and notwithstanding any other provision of the Plan, the Company may take such steps as it considers necessary or appropriate for the deduction or withholding of any income taxes or other amounts which the Company is required by any law or regulation or any governmental authority whatsoever to deduct or withhold in connection with any Shares issued pursuant to the Plan, including without limiting the generality of the foregoing: (a) withholding of all or any portion of any amount otherwise owing to a Participant; (b) the suspension of the issue of Shares to be issued under the Plan until such time as the Participant has paid to the Company an amount equal to any amount which the Company is required to deduct or withhold by law with respect to such taxes or other amounts; and/or (c) withholding and causing to be sold, by it as a trustee on behalf of the Participant, such number of Shares as it determines to be necessary to satisfy the withholding obligation. By participating in the Plan, the Participant consents to such sale and authorizes the Company to effect the sale of such Shares on behalf of the Participant and to remit the appropriate amount to the applicable government authorities. The Company shall not be responsible for obtaining any particular price for the Shares nor shall the Company be required to issue any Shares under the Plan unless the Participant has made suitable arrangements with the Company to fund any withholding obligation.”

Section 15 - Coming into Effect

- 15.1 The Plan shall come into effect on the later of:
- (a) approval by the Board;
 - (b) approval by the Exchange; and
 - (c) approval by the Shareholders.
