INFORMATION CIRCULAR

As at and dated January 11, 2018

(unless otherwise noted)

GENERAL PROXY INFORMATION

Solicitation of Proxies

This information circular (this "Information Circular") is furnished in connection with the solicitation of proxies by the management and the directors of AVALON ADVANCED MATERIALS INC. (the "Company") for use at the annual meeting of the shareholders of the Company (the "Meeting") to be held at The Sheraton Centre Toronto Hotel - Kenora Room, 123 Queen Street West, Toronto, Ontario M5H 2M9, at 4:30 p.m. (Toronto time) on Tuesday, February 27, 2018, and at all adjournments thereof for the purposes set forth in the accompanying notice of the Meeting (the "Notice of Meeting"). The solicitation of proxies will be made primarily by mail, using notice and access for Non-Registered Shareholders (as defined below), and may be supplemented by telephone or other personal contact by the directors, officers and employees of the Company. Directors, officers and employees of the Company will not receive any extra compensation for such activities. The Company may also retain, and pay a fee to, one or more professional proxy solicitation firms to solicit proxies from the shareholders of the Company in favour of the matters set forth in the Notice of Meeting. The Company may pay brokers or other persons holding common shares of the Company in their own names, or in the names of nominees, for their reasonable expenses for sending proxies and this Information Circular to beneficial owners of common shares and obtaining proxies therefrom. The cost of the solicitation will be borne directly by the Company.

No person is authorized to give any information or to make any representation other than those contained in this Information Circular and, if given or made, such information or representation should not be relied upon as having been authorized by the Company. The delivery of this Information Circular shall not, under any circumstances, create an implication that there has not been any change in the information set forth herein since the date hereof.

Non-Registered Shareholders

Only registered shareholders of the Company, or the persons they appoint as their proxies, are entitled to attend and vote at the Meeting. However, in many cases, common shares beneficially owned by a person (a "Non-Registered Shareholder") are registered either:

- (a) in the name of an intermediary (an "Intermediary") with whom the Non-Registered Shareholder deals in respect of the common shares (Intermediaries include, among others: banks, trust companies, securities dealers or brokers, trustees or administrators of a self-administered registered retirement savings plan, registered retirement income fund, registered education savings plan and similar plans); or

- (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited, in Canada, and the Depository Trust Company, in the United States) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("NI 54-101") of the Canadian Securities Administrators (the "CSA"), the Company is generally required to distribute copies of the Notice of Meeting, this Information Circular and its form of proxy or voting instruction form, as applicable, (collectively the "Meeting Materials") to the Intermediaries and clearing agencies for onward distribution to Non-Registered Shareholders. The Company has elected to deliver this Information Circular to Non-Registered Shareholders by distributing a notification of meeting, along with the form of proxy or voting instruction form, as applicable, (together, the "Mailed Materials") to the Intermediaries and clearing agencies for onward distribution to Non-Registered Shareholders, and posting this Information Circular on the website maintained by TSX Trust Company ("TSX Trust") at <http://noticeinsite.tsxtrust.com/AvalonAdvancedMaterialsAGM2018>. See "Notice and Access", below, for further information. Intermediaries are required to forward the Mailed Materials to Non-Registered Shareholders unless the Non-Registered Shareholders have waived the right to receive them. Intermediaries often use service companies to forward the Mailed Materials to Non-Registered Shareholders. Notwithstanding the foregoing, there are two kinds of Non-Registered Shareholders, namely: (i) those who object to their name being made known to the issuers of the securities they own (called "OBOs" for Objecting Beneficial Owners); and (ii) those who do not object to their name being made known to the issuers of the securities they own (called "NOBOs" for Non-Objecting Beneficial Owners). Subject to the provisions of NI 54-101, issuers can request and obtain a list of their NOBOs from Intermediaries via their transfer agents and use the NOBO list for distribution of proxy-related materials directly to NOBOs. The Company intends to take advantage of those provisions of NI 54-101 that permit it to deliver the Mailed Materials directly to its NOBOs, through TSX Trust, who have not waived the right to receive them. As a result, NOBOs in Canada can expect to receive the Mailed Materials from TSX Trust. The voting instruction forms are to be completed and returned to TSX Trust in accordance with the instructions provided by TSX Trust either in the envelope provided by TSX Trust or by facsimile. In this regard, TSX Trust is required to follow the voting instructions properly received from NOBOs. TSX Trust will tabulate the results of the voting instruction forms received from NOBOs with respect to the common shares represented by the voting instruction forms they receive.

The Meeting Materials are being sent to both registered shareholders and Non-Registered Shareholders. If you are a Non-Registered Shareholder, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding the common shares on your behalf.

By choosing to send these materials to you directly, the Company (and not the Intermediary holding the common shares on your behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

Generally, OBOs who have not waived the right to receive Mailed Materials will either:

- (a) be given a voting instruction form **which is not signed by the Intermediary** and which, when properly completed and signed by the OBO and **returned to the Intermediary or its service company**, will constitute voting instructions which the Intermediary must follow. Typically, the

voting instruction form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the voting instruction form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for the form of proxy to validly constitute a voting instruction form, the OBO must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company; or

- (b) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of common shares beneficially owned by the OBO but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the OBO when submitting the proxy. In this case, the OBO who wishes to submit a proxy should properly complete the form of proxy and deposit it with **TSX Trust Company, 100 Adelaide Street West, Suite 301, Toronto, Ontario, Canada M5H 4H1.**

The Company intends to pay for an Intermediary to deliver the Mailed Materials to OBOs.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the common shares they beneficially own. Should a Non-Registered Shareholder who receives either a voting instruction form or a form of proxy wish to attend the Meeting and vote in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the names of the persons named in the form of proxy and insert the Non-Registered Shareholder's (or such other person's) name in the blank space provided or, in the case of a voting instruction form, follow the directions indicated on the form. **In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediaries and their service companies, TSX Trust or Broadridge Financial Solutions, Inc., as applicable, including those regarding when and where the voting instruction form or the proxy is to be delivered.**

Notice and Access

Under the notice and access rules adopted by the CSA, public companies are permitted to advise their shareholders of the availability of this Information Circular on an easily-accessible website, rather than mailing paper copies.

The use of this alternative means of delivery is more environmentally friendly as it will help reduce paper use and the Company's carbon footprint, and it will also reduce the Company's printing and mailing costs. The Company has therefore decided to deliver this Information Circular to Non-Registered Shareholders by posting it on TSX Trust's website at <http://noticeinsite.tsxtrust.com/AvalonAdvancedMaterialsAGM2018>. This Information Circular will also be available on SEDAR at www.sedar.com and on the Company's website at http://www.avalonadvancedmaterials.com/investors/regulatory_filings/.

Non-Registered Shareholders who wish to receive paper copies of this Information Circular may request paper copies on-line at <http://noticeinsite.tsxtrust.com/AvalonAdvancedMaterialsAGM2018> or by calling toll-free at 1-866-600-5869.

Requests for paper copies must be received at least five business days in advance of the Proxy Deposit Deadline (as defined below) in order to receive this Information Circular in advance of the Proxy Deposit Deadline and the Meeting. This Information Circular will be sent to such shareholders within three

business days of their request, if such requests are made before the Proxy Deposit Deadline. Those shareholders with existing instructions on their account to receive a paper copy of the Meeting Materials will receive a paper copy of this Information Circular.

Due to certain requirements of the *Canada Business Corporations Act* (the “Act”), the Company is sending a paper copy of the complete proxy package, including the Notice of Meeting, this Information Circular, and the Annual Financial Statements and related management’s discussion and analysis to registered shareholders. The Annual Financial Statements and related management’s discussion and analysis are also available on SEDAR at www.sedar.com and on the Company’s web site at http://www.avalonadvancedmaterials.com/investors/regulatory_filings/.

Appointment and Revocation of Proxies

The persons named in the form of proxy accompanying this Information Circular are directors and/or officers of the Company. A shareholder of the Company has the right to appoint a person or company (who need not be a shareholder), other than the persons whose names appear in such form of proxy, to attend and act for and on behalf of such shareholder at the Meeting and at any adjournment thereof. Such right may be exercised by either striking out the names of the persons specified in the form of proxy and inserting the name of the person or company to be appointed in the blank space provided in the form of proxy, or by completing another proper form of proxy and, in either case, delivering the completed and executed proxy to TSX Trust Company, 100 Adelaide Street West, Suite 301, Toronto, Ontario, Canada M5H 4H1 in time for use at the Meeting in the manner specified in the Notice of Meeting.

A registered shareholder of the Company who has given a proxy may revoke the proxy at any time prior to use by: (a) depositing an instrument in writing, including another completed form of proxy, executed by such registered shareholder or by his or her attorney authorized in writing or by electronic signature or, if the registered shareholder is a corporation, by an officer or attorney thereof properly authorized, either: (i) at the principal office of the Company, 130 Adelaide Street West, Suite 1901, Toronto, Ontario, Canada M5H 3P5, not less than 48 hours, Saturdays, Sundays and holidays excepted, prior to the time of the holding of the Meeting or any adjournment thereof (the “Proxy Deposit Deadline”), (ii) with TSX Trust Company, 100 Adelaide Street West, Suite 301, Toronto, Ontario, Canada M5H 4H1, by the Proxy Deposit Deadline, or (iii) with the chair of the Meeting on the day of the Meeting or any adjournment thereof; (b) transmitting, by telephone or electronic means, a revocation that complies with paragraphs (i), (ii) or (iii) above and that is signed by electronic signature, provided that the means of electronic signature permits a reliable determination that the document was created or communicated by or on behalf of such shareholder or by or on behalf of his or her attorney, as the case may be; or (c) in any other manner permitted by law including attending the Meeting in person. Late proxies may be accepted or rejected by the Chair of the Meeting in his or her discretion, and the Chair is under no obligation to accept or reject any particular late proxy.

A Non-Registered Shareholder who has submitted a proxy may revoke it by contacting the Intermediary through which the Non-Registered Shareholder’s common shares are held and following the instructions of the Intermediary respecting the revocation of proxies.

Exercise of Discretion by Proxies

The common shares represented by an appropriate form of proxy will be voted or withheld from voting on any ballot that may be conducted at the Meeting, or at any adjournment thereof, in accordance with the instructions of the shareholder thereon, and if the shareholder specifies a choice on any matter to be

acted upon, the common shares of such shareholder will be voted accordingly. **In the absence of instructions, such common shares will be voted FOR each of the matters referred to in the Notice of Meeting as specified thereon.**

The enclosed form of proxy, when properly completed and signed, confers discretionary authority upon the persons named therein to vote on any amendments to or variations of the matters identified in the Notice of Meeting and on other matters, if any, which may properly be brought before the Meeting or any adjournment thereof. At the date hereof, management of the Company knows of no such amendments or variations or other matters to be brought before the Meeting. However, if any other matters which are not now known to management of the Company should properly be brought before the Meeting, or any adjournment thereof, the common shares represented by such proxy will be voted on such matters in accordance with the judgment of the person named as proxy therein.

Signing of Proxy

The form of proxy must be signed by the shareholder of the Company or the duly appointed attorney of the shareholder of the Company authorized in writing or, if the shareholder of the Company is a corporation, by a duly authorized officer of such corporation. A form of proxy signed by the person acting as attorney of the shareholder of the Company or in some other representative capacity, including an officer of a corporation which is a shareholder of the Company, should indicate the capacity in which such person is signing and should be accompanied by the appropriate instrument evidencing the qualification and authority to act of such person, unless such instrument has previously been filed with the Company. A shareholder of the Company or his or her attorney may sign the form of proxy or a power of attorney authorizing the creation of a proxy by electronic signature provided that the means of electronic signature permits a reliable determination that the document was created or communicated by or on behalf of such shareholder or by or on behalf of his or her attorney, as the case may be.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Description of Share Capital

The Company is authorized to issue an unlimited number of common shares without par value and 25,000,000 preferred shares without par value. There are 213,651,584 common shares and 380 Series A1 Preferred Shares of the Company issued and outstanding as at January 11, 2018.

At an annual meeting of the Company, on a show of hands, every registered holder of common shares present in person and entitled to vote and every proxyholder duly appointed by a registered shareholder who would have been entitled to vote shall have one vote and, on a poll, every registered shareholder present in person or represented by proxy or other proper authority and entitled to vote shall have one vote for each share of which such shareholder is the registered holder. Common shares represented by proxy will only be voted if a ballot is called for. A ballot may be requested by a registered shareholder or proxyholder present at the Meeting or required because the number of votes attached to common shares represented by proxies that are to be voted against a matter is greater than 5% of the votes that could be cast at the Meeting.

The Series A1 Preferred Shares are non-transferrable shares in the capital of the Company that are convertible into common shares under certain conditions, as outlined in the March 6, 2017 Articles of Amendment of the Company, which contain the share terms. The Series A1 Preferred Shares have no right to dividends, and holders of such shares are not entitled to receive notice of, attend, or vote at any

meeting of the Company's shareholders and **do not have a right to participate in a takeover bid for securities of the Company**. However, the share terms provide that holders of Series A1 Preferred Shares may convert their Series A1 Preferred Shares into common shares in response to a change of control event, which is defined as: (a) a change in the composition of the board of directors of the Company (the "Board") where 50.0% or more of the individuals that are directors cease to be directors during the time period beginning on the date that any Series A1 Preferred Shares are issued and ending on the date when no Preferred Shares are issued and outstanding; or (b) any of the individuals who are the CEO or CFO as of the date that any Series A1 Preferred Share are issued cease to hold such position; or (c) other than a shareholder that holds such a position as of the date of issuance, if an individual, person or legal entity comes to have beneficial ownership, control or direction over more than 50% of the voting rights attached to any class of voting securities of the Company; or (d) the sale or other disposition by the Company or any of its subsidiaries in a single transaction, or in a series of transactions, of all or substantially all of the assets that are held directly or indirectly by the Company.

Record Date

The directors of the Company have fixed January 11, 2018 as the record date for the determination of the shareholders of the Company entitled to receive notice of, and to vote at, the Meeting. Shareholders of the Company of record at the close of business on January 11, 2018 will be entitled to vote at the Meeting.

Ownership of Securities of the Company

To the knowledge of the directors and executive officers of the Company, no person or company beneficially owns, directly or indirectly, or exercises control or direction over, voting securities carrying more than 10% of the outstanding voting rights of the Company.

The officers of the Company and the individuals nominated by management for election as directors collectively own or control, directly or indirectly, in the aggregate, 7,168,834 common shares of the Company, representing approximately 3.36% of the outstanding common shares as at January 11, 2018.

PARTICULARS OF MATTERS TO BE ACTED UPON

1. Election of Directors

The Board currently consists of six directors. The table below and the notes thereto state the names of the six persons nominated by management for election as directors, all other positions and offices with the Company now held by them, their principal occupations or employment for the preceding five years, the period or periods of service as directors of the Company and the number of voting securities of the Company beneficially owned, directly or indirectly, or over which control or direction is exercised by each of them as of the date hereof.

Majority Voting Policy

The Board has adopted a policy providing that in an uncontested election of directors, any nominee who receives a greater number of votes "withheld" than votes "for" will tender his or her resignation to the Chair of the Board promptly following the shareholders' meeting. The Compensation, Governance and Nominating Committee (the "CGN Committee") of the Board will consider the offer of resignation and will

make a recommendation to the Board on whether to accept it. In considering whether or not to accept the resignation, the CGN Committee will consider all factors deemed relevant by members of such Committee. The CGN Committee will be expected to accept the resignation except in situations where the considerations would warrant the applicable director continuing to serve on the Board. The Board will make its final decision and announce it in a press release within 90 days following the Meeting. A director who tenders his or her resignation pursuant to this policy will not participate in any meeting of the Board or the CGN Committee at which the resignation is considered.

Advance Notice By-Law

The Company has adopted a by-law (By-law No.2) related to the nomination of directors by shareholders of the Company in certain circumstances. By-Law No.2 provides a process for shareholders to follow for director nominations and sets out a reasonable time frame for nominee submissions and the provision of accompanying information. The purpose of By-law No.2 is to treat all shareholders fairly by ensuring that all shareholders receive adequate notice of the nominations to be considered at a meeting and can thereby exercise their voting rights in an informed manner. In addition, By-law No.2 should assist in facilitating an orderly and efficient meeting process. As of the date hereof, the Company has not received notice of any director nominations in connection with this year's Meeting within the time periods prescribed by the advance notice provisions contained in By-Law No.2. Assuming no nominations are received by January 28, 2018, the only persons eligible to be nominated for election to the Board are the below nominees.

Proxies received appointing directors of the Company will be voted FOR the election of the nominees named in the table below, unless a shareholder has specified in the proxy that the common shares are to be withheld from voting in respect thereof. Management has no reason to believe that any of the nominees will be unable to serve as a director but, if a nominee is for any reason unavailable to serve as a director, proxies appointing directors and/or officers of the Company will be voted in favour of the remaining nominees and may be voted for a substitute nominee, unless the shareholder has specified in the proxy that the common shares are to be withheld from voting in respect of the election of directors.

There was no reportable event (disagreement, consultation or unresolved issue as described in National Instrument 51-102 - *Continuous Disclosure Obligations* (“NI 51-102”)) in connection with prior audits of the Company and no such prior audits contained reservations. Schedule B – Reporting Package hereto includes a copy of the reporting package required pursuant to NI 51-102.

Shareholders will be asked to consider and, if thought advisable, to pass an ordinary resolution to appoint Ernst & Young, LLP to serve as auditors of the Company until the next annual meeting of shareholders and to authorize the directors of the Company to fix their remuneration. An ordinary resolution is a resolution passed by at least a majority (50%+1) of the votes cast by shareholders who voted by proxy or in person in respect of that resolution at the Meeting. The appointment of Ernst & Young, LLP as auditors of the Company until the next annual meeting of the shareholders and the authorization of the directors to fix their remuneration must be authorized and approved by an ordinary resolution of the shareholders.

STATEMENT OF EXECUTIVE COMPENSATION

A. Named Executive Officers

For the purposes of this Information Circular, a named executive officer (“Named Executive Officer”) of the Company means each of the following individuals:

- (a) a chief executive officer (“CEO”) of the Company;
- (b) a chief financial officer (“CFO”) of the Company;
- (c) each of the Company’s three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was individually, more than \$150,000, as determined in accordance with subsection 1.3(6) of Form 51-102F6 - *Statement of Executive Compensation*, for that financial year; and

- (d) each individual who would be a Named Executive Officer under paragraph (c) above but for the fact that the individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of the financial year.

For the fiscal year ended August 31, 2017, the Company had five Named Executive Officers, namely, its CEO and President (Donald Bubar), its CFO and Vice President, Finance (R. James Andersen), its Senior Vice President, Metallurgy and Technology Development (David Marsh), its Vice President, Sales and Marketing (Pierre Neatby) and its Vice President, Exploration (William Mercer).

B. Compensation Discussion and Analysis

Compensation, Governance and Nominating Committee

The CGN Committee of the Board is responsible for making recommendations to the Board with respect to the compensation of the executive officers of the Company as well as, among other things, with respect to the Company's stock option plan (the "Stock Option Plan") and any other employee benefits and/or plans and with respect to directors' compensation. The Board (exclusive of the CEO, who is also a member of the Board) reviews such recommendations and gives final approval to the compensation of the executive officers. See also Schedule A - Corporate Governance Disclosure hereto.

The CGN Committee currently consists of Alan Ferry (Chair), Kenneth G. Thomas and Jane Pagel, each of whom are independent, pursuant to National Instrument 52-110 - *Audit Committees*. Each of Mr. Ferry, Dr. Thomas and Ms. Pagel has direct and extensive experience in corporate management and compensation issues in either the mining industry and/or the financial industry. Mr. Ferry is a member of the committee responsible for compensation matters of Guyana Goldfields Inc. and GPM Metals Inc., which are publicly listed mineral exploration or mining companies. Dr. Thomas served as Senior Vice President, Projects, Kinross Gold Corporation from December 2009 to June 2012, Global Managing Director and Director, Hatch from November 2005 to November 2009 and Chief Operating Officer, Crystallex International Corporation from April 2003 to October 2005. In addition he served in senior roles at Barrick Gold Corporation from 1987 to 2001, including Senior Vice President, Technical Services, during which times he was responsible for determining the compensation of those employees whom he directly and indirectly supervised, which numbered in excess of several dozen. Ms. Pagel is a self-employed businessperson and chair of the board of directors of BluMetric Environmental Inc., a publically traded company in the fields of water/wastewater treatment and professional environmental services. She served as a director of Sustainable Development Technology Canada from 2003-16 and its Interim President and CEO from June, 2014 to June, 2015. Prior to that, she was president and CEO of the Ontario Clean Water Agency from 2010 until her retirement in early 2014. Previous industry positions held by Ms. Pagel include Principal Government and Industrial Relations at Stantec; Senior Vice President and Principal at Jacques Whitford; Vice President Government Relations at Philip Services; and president of Zenon Environmental Laboratories. This experience relating to executive compensation matters collectively provides members of the CGN Committee with a suitable perspective to make decisions on the appropriateness of the Company's compensation policies and practices.

The CGN Committee has not to date felt it necessary to engage any compensation consultant or advisor to assist it in the performance of its duties.

Compensation Objectives and Structure

The overall compensation objective adopted by the CGN Committee is to ensure that executive compensation is fair and reasonable, rewards management performance and is, by being competitive, sufficient to attract and retain experienced and talented executives. Due to the nature of the mineral industry, executive talent has significant mobility and, as a result, competition for experienced executives in the past has been great. The Company's compensation policies are designed to recognize the foregoing. The foregoing objective also recognizes the fundamental value added by a motivated and committed management team in accomplishing the Company's principal corporate objectives.

Historically, the compensation provided by the Company to its executive officers, including the CEO, has had three components: base salary, bonuses and long term incentive compensation in the form of stock options (see "Stock Option Plan"). Bonus compensation is a cash component of management compensation in order to permit the recognition of outstanding individual efforts, performance, achievements and/or accomplishments by members of the Company's management team. Any specific bonus amounts are awarded on the recommendation of the CGN Committee and ultimately at the discretion of the Board, with bonus amounts for members of the Company's management team other than the CEO being based primarily on the recommendations of the CEO. The appropriateness and amount of any bonuses to the CEO and/or management team members has to date been considered annually by the CGN Committee and Board on a discretionary basis as no formal bonus plan based on quantitative and/or qualitative benchmarks has been established for the Company as yet.

Base salary is the principal component of each executive officer's overall compensation and reflects the fixed component of pay that compensates the relevant executive officer for fulfilling his or her day to day roles and responsibilities. The CGN Committee has typically in the past reviewed the base salary levels, considered the individual performance of the CEO and of each other executive officer and compared executive compensation for other companies operating in the mineral industry.

Recently, however, the overall financial condition of the Company and the overall depressed nature of the junior resource sector in Canada and elsewhere has significantly factored into the setting of the cash remuneration levels of the Company's senior management and, in particular, has resulted in there being no or minimal increases in the cash remuneration of senior management for the calendar years 2014 - 2017, and a reduction in such cash remuneration during the period 2014 - 2017 (see "Base Salary and Bonus" below). Given the nature of the Company as an exploration and development stage resource company without existing mineral production and without any attendant revenues derived thereon, compensation has in the past been generally based on comparative, qualitative or subjective measures, rather than quantitative benchmarks. No specific benchmarks, weights or percentages are assigned to any of the measures or objectives upon which the executive compensation is generally based.

Annual salary adjustments, if any, have historically been made on a calendar year basis, typically being determined towards the end of each calendar year and made effective January 1 of the following year.

Compensation Risk Management

The CGN Committee evaluates the risks, if any, associated with the Company's compensation policies and practices. Implicit in the mandate of the Board is that the Company's policies and practices respecting compensation, including those applicable to the Named Executive Officers, be designed in a manner which is in the best interests of the Company and its shareholders.

In particular, the Company's executive compensation policies incorporate a balanced compensation program design (see "Compensation Objectives and Structure") and include elements of fixed and variable compensation and short and longer term incentives.

The base salary component of the compensation provided by the Company to its executive officers is set annually. The bonus component of the compensation provided by the Company to its executive officers in the past has been discretionary, is currently based on qualitative or subjective measures rather than quantitative benchmarks and is subject to the prior approval of the CGN Committee. Discretionary assessment of the performance of executive officers by the Committee ensures that bonus awards align with both perceived and actual performance and the risks associated with such performance and any bonus award. No bonuses have been awarded to any members of senior management since 2014.

The stock option component of the compensation provided by the Company to its executive officers is both "longer term" and "at risk" and, accordingly, is directly linked to the achievement of longer term value creation. Since the benefits of such compensation, if any, are generally not realized by the executive officers until a significant period of time has passed and that there are typically deferred vesting provisions attached to each option grant (see "Stock Option Plan" below), the incentive for executive officers to take inappropriate or excessive risks with regard to their compensation that are financially beneficial to them at the expense of the Company and its shareholders is limited.

The CGN Committee believes that it is unlikely that an executive officer would take inappropriate or excessive risks at the expense of the Company and its shareholders that would be beneficial to them with regard to their short term compensation when their longer term compensation might be put at risk from their actions. Due to the size of the Company, the CGN Committee is able to monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular meetings of the Board during which financial and other information relating to the Company are reviewed, and which includes senior executive compensation. The CGN Committee has not identified any risks arising from the Company's compensation policies and practices that it believes would be reasonably likely to have a material adverse effect on the Company.

Although the Company has not as yet adopted any specific policies in this regard, in the event that a director or an executive officer purchases financial instruments that are designed to hedge or offset a decrease in the market value of the Company's equity securities granted as compensation or held, directly or indirectly by the director or the executive officer, such purchases must be disclosed in insider reporting filings. To date, no such purchases have been disclosed by any director or executive officer of the Company.

Base Salary and Bonus

The CGN Committee, in respect of the setting of salaries for the Named Executive Officers for 2017, recommended to the Board and the Board determined that, there would be no salary increases for the Named Executive Officers in 2017. This determination recognized the then current financial situation of the Company and the overall depressed nature of the junior resource sector in Canada.

Effective September 1, 2016, each of the Named Executive Officers agreed to receive 20% of his base salary (25% in the case of Mr. Bubar) in non-cash compensation on an indefinite basis in exchange for additional stock options, being in the case of Mr. Bubar, options to purchase 300,000 common shares of Avalon, in the case of Messrs. Andersen and Marsh, options to purchase 250,000 common shares and in the case of Messrs. Mercer and Neatby, options to purchase 200,000 common shares. All of the

foregoing options were granted effective November 8, 2016, have an exercise price of \$0.17 per share, have a two year term and vested immediately.

No discretionary bonuses were awarded to any Named Executive Officers of the Company for 2017.

Options

The CGN Committee is of the view that the granting of options is an appropriate method of providing long-term incentives to senior management of the Company and, in general, aligns the interests of senior management with those of the shareholders by enabling senior management to participate in and be rewarded by an increase in the market price of the Company's common shares. Participation in the Stock Option Plan also provides a significant incentive to the participants to enter into and subsequently to continue their employment with the Company, particularly when the Company may not have the financial resources and/or pension and other benefit plans to attract and retain experienced personnel. In addition, the CGN Committee is of the view that the Company's compensation mix must be consistent with industry norms which supports the provision by the Company of a longer term compensation incentive. This longer term compensation incentive is best realized by providing compensation linked to share price performance such as options. The number and terms of options previously granted to the Named Executive Officers have been and are expected to continue to be taken into account, as well as the number and terms of options granted by peer group companies in determining whether and in what quantity new option grants should be made in any year. Also, additional options have been granted to members of senior management in lieu of receipt by them of certain specified cash salary amounts (see "Base Salary and Bonus" above).

The Company's current objective under the Stock Option Plan is to allot to the CEO options to purchase 1,000,000 common shares, to the CFO and Senior Vice President options to purchase 600,000 common shares and to officers at the Vice President level options to purchase 400,000 common shares (the "target allotments"). The foregoing allotments do not include the additional options granted to the Named Executive Officers (see "Base Salary and Bonus" above).

The Company typically grants one fifth of an employee's option allotment on an annual basis. The methodology applied by the Company permits exceptions to be made, for example, to recognize exceptional employee contributions and to permit flexibility in negotiating employment contracts.

Circumstances Triggering Termination and Change of Control Benefits

As noted below under the heading "Employment Contracts", there are certain circumstances that trigger payments and other benefits to the CEO upon termination and change of control. The CGN Committee views such provisions as not only being fair and necessary to protect the CEO, but also to encourage the CEO to pursue those transactions such as mergers or take-overs that are beneficial to the Company and its shareholders, but that may result in the termination of the CEO's employment with the Company.

Summary of the Stock Option Plan

The Stock Option Plan, last approved by shareholders on February 22, 2017, is a fixed percentage plan that provides that the maximum number of options which may be outstanding at any time under the Stock Option Plan and any other compensation arrangement of the Company is 10% of the Company's issued and outstanding common shares. Eligible Participants under the Stock Option Plan include insiders or

employees of the Company or any of its subsidiaries, and any other person or company engaged to provide ongoing management, consulting or advisory services to the Company.

As at January 11, 2018, the Company had 213,651,584 common shares issued and outstanding. Accordingly, a maximum of 21,365,158 common shares were available for issuance (representing 10% of the issued and outstanding common shares) pursuant to options granted under the Stock Option Plan as at such date. As at January 11, 2018, there were 10,460,000 options granted and outstanding under the Stock Option Plan (representing 4.9% of the issued and outstanding common shares), leaving 10,905,158 common shares (representing 5.1% of the issued and outstanding common shares) available for grant of further options.

The following is a summary of the Stock Option Plan. Capitalized terms not defined in this Information Circular and used in this summary are defined in the Stock Option Plan.

Purpose

The Stock Option Plan has been established as a means of compensating Eligible Persons (as defined below) for their contributions to the performance of the Company. The Stock Option Plan is intended to:

- (a) provide an incentive to Eligible Persons to further the development, growth and profitability of the Company; and
- (b) assist the Company in retaining and attracting Eligible Persons with experience and ability.

Eligibility

Generally, a right to purchase common shares of the Company pursuant to the terms of the Stock Option Plan may be granted to an "Eligible Person", which includes, any insider or employee of the Company or any of its subsidiaries, and any other person or company engaged to provide ongoing management, consulting or advisory services to the Company.

Administration

The Stock Option Plan is administered under the direction of the Board. The Board has full and complete authority to interpret the Stock Option Plan and to prescribe such rules and regulations and make such other determinations, as it deems necessary or desirable to meet the objectives of and to administer the Stock Option Plan. The Board shall, in its discretion, subject to the terms and conditions of the Stock Option Plan, designate, from among the Eligible Persons, those to whom and when options shall be granted, the number of common shares to be subject to each option, the exercise price for each option, the period during which the same may be exercised, the vesting period, if any, for such option(s) and the other terms and conditions attached thereto.

Common Shares Issuable Under the Stock Option Plan

The maximum aggregate number of Shares which may be issuable pursuant to the exercise of Options granted under the Plan, when combined with any other share compensation arrangement of the Company, shall not exceed ten percent (10%) of the Outstanding Issue. The maximum number of common shares that: (i) are issued to insiders of the Company within any one year period; and (ii) are issuable to insiders of the Company at any time, under the Stock Option Plan or when combined with all

of the Company's other security based compensation arrangements, cannot exceed 10% of the Company's issued and outstanding common shares. All common shares subject to options that have been exercised or that have expired or have been otherwise terminated or cancelled without having been exercised, shall be available for issuance pursuant to the exercise of any subsequent options granted under the Stock Option Plan.

Grant of Options

Any Eligible Person to whom options are granted under the Stock Option Plan (a "Participant") at the time of the grant of an option, may hold more than one option. The grant of each option shall be evidenced by an agreement between the Company and the Participant setting forth the number of common shares covered by such option, the exercise price, the option period and any other terms and conditions attaching thereto.

Exercise Price

The exercise price for the common shares of an option must not be less than the market price at the time an option is granted. The market price is the closing price of the common shares on the Toronto Stock Exchange (the "TSX") on the trading day prior to the date of the grant of the Option, provided that if there is no closing price on such trading day, market price shall mean the most recent closing price for the common shares on the TSX prior to the date of grant.

Term of Options

Each option shall be exercisable during a period established by the Board, but in no circumstances shall the term of the option exceed 10 years.

Exercise of Option

An option may be exercised at any time, or from time to time, during its terms as to any number of whole common shares, which are then available for purchase, provided that no partial exercise may be for less than 100 common shares. A Participant electing to exercise an option shall give written notice of the election to the Company, together with the aggregate amount to be paid for the common shares to be acquired pursuant to the exercise of an option, by cheque or bank draft payable or such other form or manner of payment acceptable to the Company.

Restrictions as to Date of Exercise

Unless otherwise decided by the Board, no option may become exercisable until three months for persons providing management, consulting or advisory services to the Company and 12 months for all other Eligible Persons from the date such Option was granted.

Blackout Periods

No option shall terminate and cease to be exercisable prior to the fifth business day following a trading blackout then in effect and, if a trading blackout is not then in effect, prior to the fifth business day following cessation of the most recent trading blackout.

Retirement, Disability or Death of Participant

Unless otherwise decided by the Committee, the following rules shall apply:

- (a) in the event of the retirement, disability or death of a Participant, the options held by such Participant shall remain exercisable by such Participant or by such Participant's legal representative(s) until the earlier of: (i) 12 months after the effective date of retirement, disability or death; and (ii) the expiry of the exercise period of such Options and, to the extent not exercised within the aforesaid period, shall terminate; and
- (b) in the event that the Participant ceases to be an Eligible Person for any reason other than retirement, disability or death, any options held by such Participant will expire on the day of termination, unless otherwise specifically provided in any severance or termination arrangements entered into by the Participant and the Company.

Adjustments

If the number of outstanding common shares is increased or decreased as a result of a stock split, consolidation or reclassification or if other changes with respect to the common shares shall occur, other than as a result of the issuance of common shares for fair value, or if additional common shares are issued pursuant to a stock dividend, or in the event of a merger, amalgamation or reorganization, then the number of and/or price payable for common shares subject to any unexercised options shall be adjusted in accordance with applicable law and in such manner as the Board shall deem proper to preserve the rights of the Participants under the Stock Option Plan substantially proportionate to those existing prior to such change or event.

Assignment of Options

No option or any interest therein shall be transferable or assignable by the Participant otherwise than by will or pursuant to the laws of succession and no option may be exercised by anyone other than by the Participant or the Participant's legal representative(s).

Stock Appreciation Rights

The Company may grant stock appreciation rights to Participants. The benchmark number of common shares specified in the relevant stock appreciation rights agreement (a "rights agreement") shall be deemed to be the number of common shares reserved for issuance thereunder for purposes of that section. A stock appreciation right shall entitle the Participant to receive from the Company the number of common shares, disregarding fractions, having an aggregate value equal to the excess of the "value of a common share" over the "amount per common share" specified in the relevant rights agreement times the number of common shares with respect to which the appreciation right is being exercised. For purposes of the preceding sentence, the "amount per common share" shall not be less than the market price at the date of the grant of the relevant underlying option or appreciation right while "the value of a common share" shall be determined for these purposes based on the weighted average trading price of the common shares on the TSX for the five (5) trading days preceding the date the notice of the exercise of the appreciation right is received by the Company.

Any option granted under the Stock Option Plan may include a stock appreciation right, either at the time of grant or by amendment adding it to an existing Option; subject, however, to the grant of such stock appreciation right being in compliance with the regulation and policies of the applicable regulatory

authorities. To the extent a stock appreciation right included in or attached to an option granted is exercised, the option to which it is included or attached shall be deemed to have been exercised to a similar extent. The provisions of the Stock Option Plan respecting the exercise of options and the adjustments to Options arising from certain corporate actions shall apply mutatis mutandis to all stock appreciation rights granted.

Takeover Bids

If a person (an “Offeror”) makes a formal bid (as defined in the *Securities Act* (Ontario)) for common shares (an “Offer”) then:

- (a) all unvested options will become vested and exercisable, despite any vesting schedule applicable to any unexercised options; and
- (b) the Company will give each Participant currently holding an option written notice of the number of options eligible for exercise by the optionee.

Following the Company’s notice, a Participant may exercise his or her option in whole or in part so as to permit each Participant to tender the common shares received on exercise (the “Optioned Shares”) pursuant to the Offer. If:

- (a) the Offer is not completed within the time specified in the Offer; or
- (b) the Participant does not tender the Optioned Shares pursuant to the Offer; or
- (c) the Offeror does not take up and pay for all of the Optioned Shares tendered by the Participant pursuant to the Offer,

then certain provisions, as set out in the Stock Option Plan, apply to the Participant and the Optioned Shares.

Substitution Events

In the event of a change of control pursuant to which the common shares are converted into, or exchanged for, other property, whether in the form of securities of another company or otherwise (a “Substitution Event”), then any surviving or acquiring entity must substitute or replace similar options for those options that remain outstanding and unexercised under the Stock Option Plan on the same terms and conditions as the Stock Option Plan and the applicable option agreement (the “Substituted Options”), except that the terms shall include the right to acquire on exercise the same form of consideration paid to the holders of common shares in the transaction effecting the Substitution Event. The amount of such consideration that a Substituted Option will entitle the Participant to acquire following the Substitution Event shall be that amount that a Participant would have obtained had such Participant exercised the Option immediately prior to the Substitution Event with the result common shares received on such exercise would have been subject to the Substitution Event. The exercise price for a Substituted Option following the Substitution Event shall be the amount as the Board may determine as would provide the Participant with an equal economic result (assuming the Participant exercised the Substituted Option immediately after the Substitution Event but not at any later time) as the Participant would have obtained had such Participant exercised the Option immediately prior to the Substitution Event.

Amendments to the Stock Option Plan

The amendment procedures state the type of modifications to the Stock Option Plan or to the terms and conditions of an outstanding Option that must specifically be approved by the holders of the common shares, namely:

- (a) amendments to reduce the exercise price of an option held by a Participant either directly or indirectly by means of the cancellation of an option and the reissue of a similar option and, for so long as the common shares are listed on the TSX, “disinterested Shareholder approval” (as that term is used in the policies of the TSX) shall be required for any amendment of an option which reduces the exercise price of an option held by a Participant, if at the time of the proposed amendment the Participant is an insider of the Company;
- (b) amendments that extend the period available to exercise an option beyond the expiry of the original exercise period of such option;
- (c) amendments that increase the number of common shares reserved for issuance under the Stock Option Plan;
- (d) amendments to amend the provisions dealing with restrictions on transfer of options in the Stock Option Plan;
- (e) amendments that materially modify the requirements as to eligibility for participation in the Stock Option Plan;
- (f) amendments that add any form of financial assistance and, if applicable, any amendment to any existing financial assistance provision which is more favourable to Participants; and
- (g) amendments that otherwise require approval by the shareholders (or disinterested shareholders as the case may be) in accordance with the requirements of the TSX or any applicable regulatory authority.

Except as listed above, the Board may from time to time in its absolute discretion amend, modify or change the terms and provisions of the Stock Option Plan (including the form of the option agreement) and/or any option provided that any such amendment, modification and/or change shall be subject to any required approvals of any applicable regulatory authority. Without limiting the generality of the foregoing, the Board may make certain amendments, modifications and/or changes to the Stock Option Plan as outlined in the Stock Option Plan, without seeking shareholder approval, including any amendment to the vesting provisions of the Stock Option Plan or any option, any amendment to the termination provisions of any option, whether or not such option is held by an insider, provided such amendment does not entail an extension of the expiry date beyond the original expiry date and the addition or modification of a cashless exercise feature, payable in cash or common shares, which provides for a deduction of the number of common shares reserved for issuance pursuant to the Stock Option Plan equal to the number of common shares that would otherwise have been issuable upon the exercise of the relevant option.

Except as listed above, the Board or the CEO of the Company together with the CFO of the Company, with the consent of the affected optionee, but subject to the terms and conditions of the Stock Option Plan and any approvals required by any applicable regulatory authority, may from time to time amend the terms and conditions of any option which has been granted.

C. Performance Graph

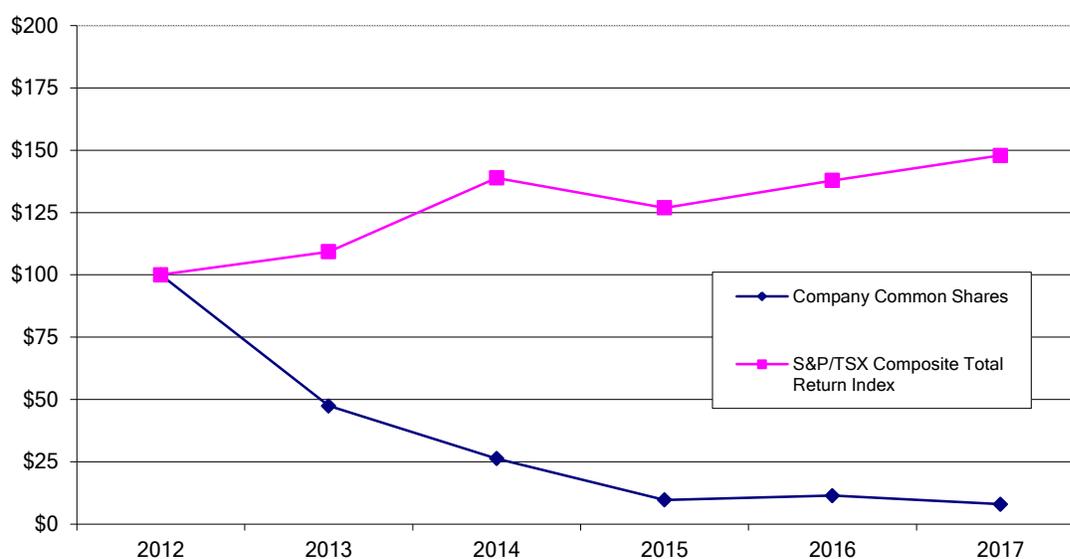

The following graph and table compare the yearly percentage change in the cumulative total shareholder return of the common shares for the period from August 31, 2012 to August 31, 2017 with the cumulative total return of the S&P/TSX Composite Total Return Index for the same period. The graph and table assume \$100 invested in common shares on August 31, 2012 and in the S&P/TSX Composite Total Return Index, which assumes dividend reinvestment.

Cumulative Total Return on \$100 Investment

There is no direct correlation between the market performance of the Company's common shares and executive compensation except that any increase in the market price of the common shares will increase the value of any options held by the relevant executives. The CGN Committee and the Board generally evaluate performance by reference to the achievement of corporate objectives rather than by short term changes in the Company's common share price, which typically has in the past been significantly influenced by overall economic, market and industry conditions. Indirectly, however, the Board determined that there would be no salary increases for the Named Executive Officers in 2017, in recognition of the then current financial situation of the Company and the overall depressed nature of the junior resource sector in Canada. See discussion under "Base Salary and Bonus" above for further details.

Notes:

- (1) These amounts represent the “grant date fair value” of options granted to the respective Named Executive Officer, which have been determined by using the Black-Scholes model, a mathematical valuation model that ascribes a value to an option based on a number of factors in valuing the option-based awards, including the exercise price of the option, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security and the risk-free rate of return. Calculating the value of options using this methodology is very different from a simple “in-the-money” value calculation. In fact, options that are well out-of-the-money can still have a significant “grant date fair value” based in a Black-Scholes valuation, especially where, as in the case of the Company, the price of the common shares underlying the option is highly volatile. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation. The same caution applies to the total compensation amounts shown in the last column above, which are based in part the grant date fair value amounts set out in the column for Option-based awards. These values are consistent with the accounting values used in the Company’s financial statements. The Company selected the Black-Scholes model given its prevalence of use within North America.
- (2) The Company does not have a pension plan.
- (3) Medical expenses paid by the Company on behalf of the respective Named Executive Officer.
- (4) Mr. Bubar does not receive any additional compensation for serving as a director of the Company.

In the event of a change of control of the Company (as defined in the Neatby Agreement) and if within one year of the change of control, Mr. Neatby's employment with the Company is terminated by the Company, the Company will pay to Mr. Neatby a lump sum in cash equal to 12 months of salary plus an additional one month's salary for every full or partial year of employment, recognizing that Mr. Neatby's employment began on July 1, 2010, to a maximum of 24 months.

Mercer Employment Agreement

The Company employs William Mercer as the Company's Vice-President Exploration pursuant to an employment agreement effective January 1, 2011 (the "Mercer Agreement"). H. Termination and Change of Control Benefits

Except as set forth above under "Employment Contracts", the Company is not party to any compensatory plan, contract or arrangement where a Named Executive Officer is entitled to receive any compensation from the Company in the event of resignation, retirement or any other termination of employment of such persons, change of control of the Company or a change in the Named Executive Officer's responsibilities following a change of control.

<p>Notes:</p> <p>(1) This director compensation table does not include information for Donald Bubar who is both a director and a Named Executive Officer. The compensation paid to Mr. Bubar for the financial year ended August 31, 2017 has been reflected in the Named Executive Officer summary compensation table. The Company did not pay any additional compensation to Mr. Bubar for serving as a director of the Company.</p> <p>(2) The Company does not currently have any share-based award plans.</p> <p>(3) These amounts represent the “grant date fair value” of options granted to the respective director, which have been determined by using the Black-Scholes model, a mathematical valuation model that ascribes a value to an option based on a number of factors in valuing the option-based awards, including the exercise price of the option, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security and the risk-free rate of return. Calculating the value of options using this methodology is very different from a simple “in-the-money” value calculation. In fact, options that are well out-of-the-money can still have a significant “grant date fair value” based in a Black-Scholes valuation, especially where, as in the case of the Company, the price of the common shares underlying the option is highly volatile. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation. The same caution applies to the total compensation amounts shown in the last column above, which are based in part the grant date fair value amounts set out in the column for Option-based awards. These values are consistent with the accounting values used in the Company’s financial statements. The Company selected the Black-Scholes model given its prevalence of use within North America.</p> <p>(4) The Company does not have a non-equity incentive plan.</p> <p>(5) The Company does not have any pension plans.</p> <p>(6) The Company does not have any other benefit plans for its directors.</p> <p>(7) Mr. McCarter served as a director until February 22, 2017. Ms. Mohr became a director on March 23, 2017.</p>							

Compensation of Directors

Directors of the Company (excluding Donald Bubar, who is an officer of the Company) are paid a base yearly fee of \$10,000 plus a fee of \$400 per Board or Committee meeting attended in person or by conference telephone. An additional fee of \$3,000 is paid to each of the Chair of the Board and the Chair of any other permanent committee of the Board.

In addition, pursuant to the Stock Option Plan, the Company typically grants options to purchase common shares to directors of the Company. During the year ended August 31, 2017, 225,000 options were granted to Ms. Mohr, who joined the Board on March 23, 2017, and 150,000 options were issued to existing directors to replace options that had expired.

Directors are also reimbursed for their out-of-pocket expenses incurred in attending directors’ and committee meetings.

The directors are indemnified by the Company against all costs, charges and expenses reasonably incurred by such director in respect of any action or proceeding to which such director is made a party by reason of being a director of the Company, subject to the limitations in respect thereof contained in the Act.

The Company maintains insurance coverage with respect of directors’ and officers’ liability which is limited to \$20,000,000 per claim and \$20,000,000 per policy period, subject to deductibles of \$150,000 to \$250,000 as defined in the policy. The current policy is for a one-year term and expires on July 20, 2018. The premium paid by the Company in respect of said insurance in fiscal 2017 was \$81,600.
